## **A - THE IMPLEMENTATION REPORT FORM: GENERAL PRINCIPLES & SETUP**

## A.01 - THE EXECUTION REPORT FORM: GENERAL PRINCIPLES

The execution report and the payment / reimbursement claim are prepared and submitted to the Managing Authority each **semester or quarter** based on the Lead Partner's choice.

### Frequency of the submission and the content of the Report

**Article 5.1** of the subsidy contract stipulates the frequency of submission.

The execution report describes:

- the details of the activities carried out within the project,
- the progress and results achieved according to the objectives and the monitoring indicators approved,
- the information and publicity actions carried out,
- the expenses made and paid, when the execution report includes a claim for payment / reimbursement.

The report will also provide explanatory elements regarding problems that may have emerged in the implementation of objectives or of the work plan and will provide information about the adopted or proposed corrective measures. Administrative modifications may also be proposed within each execution report.

It is **mandatory** to present an activity report complying with the deadlines mentioned in the timetable presented in **article 6.6** of the subsidy contract.

For a quarter periodicity, you must submit 4 reports year.

For the half periodicity, you must submit 2 reports year.

**At least ONE** payment claim per year of activity must be submitted.

### The reference period of the project report:

- The reference period is related to the physical issues of project implementation. At partner's level and globally at project level, information about the physical implementation attained during the reference period shall be reported;
- The reference period has no consequence in terms of expenditure claims. Financial documents of the current reporting period or any other period may be included in any project report, provided they concern duly paid eligible expenditures related to effective works achieved for the implementation of project activities.

### Extraordinary execution report.

Within the implementation of the project, extraordinary reimbursements can be claimed. Extraordinary reimbursement claims shall be done through the submission of an extraordinary report. This report will be **SUPPLEMENTARY** to the reports due according to the timetable.

You **MUST** contact **previously** the JTS in order to ask for an extraordinary report.

### A pre-completed form, an approach by partner, a dematerialisation of the documents

The report submitted by the Lead Partner contains the data approved by the Monitoring Committee or subsequently approved amendments as stated in the subsidy contract. The report is based on the global project (or the operation), but it is made up of the qualitative and financial information specific to each partner of the project.

This approach by partner is made possible through the generation of "sub execution report" from the general project form, then the individual "sub execution report" is available for each partner who must fill it in, before a final consolidation at project level can be made.

The Lead Partner is responsible for the consolidation of qualitative and financial information at project level.

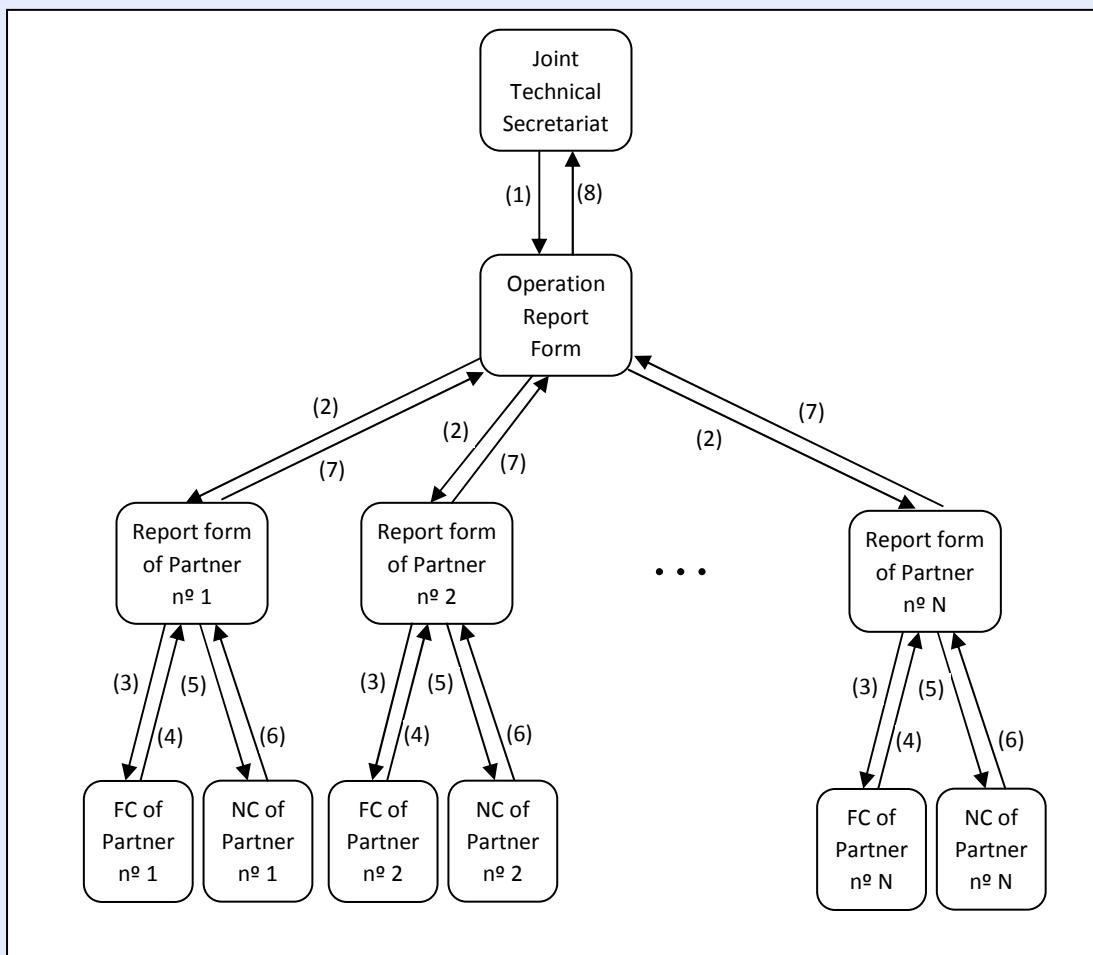

The evidences/proofs of paid expenses shall be submitted in digital format within the project report and payment claims. Other relevant documents related to project activities shall also be submitted through the convenient section of the project report.

## A.01 - THE EXECUTION REPORT FORM: GENERAL PRINCIPLES

### The major processing stages of the execution report

- 1) The JTS makes the execution report form available to the Lead Partner and to the partners, on the programme Platform for Collaborative Communication (PCC) in the specific section for the project.
- 2) Generation of the "sub execution report" for each partner. Each partner fills in the activities implemented as well as the expenses incurred and paid with the documentary evidence.
- 3) Each partner transfers to the first level controller the report form according to the option chosen (hard copy, via the PCC, or other digital format).
- 4) The first level controller sends the control report(s) back requesting possible corrections or enclosing the validation of expenditures declaration in case everything is in order.
- 5) Once the partner got the declaration from the first level controller, he transfers the report form to the national correspondent according to the option chosen (hard copy, via the PCC, or other digital format).
- 6) The national correspondent, once the supervision controls is done, sends the control report(s) back requesting possible corrections or enclosing the declaration of supervision in the case everything is in order.
- 7) Once the partner has the declaration of supervision and he/she fills in the report form and sends it to the Lead Partner via the PCC, by the deadlines mentioned in the Transnational Partnership Agreement.
- 8) After the consolidation the partner's reports at the global project level the Lead Partner makes the execution report available to the Managing Authority / Joint Technical Secretariat (JTS), via the web site, within the deadline defined in article 6.6 of the subsidy contract.

**Synthetic flow chart of the Execution report and payment claim**

FC= Financial Controller (First level)

NC=National Correspondent

## A.02 - HOW TO INSTALL THE APPLICATION FORM?

### Availability of the report form on the Platform for Collaborative Communication (PCC)

According to the defined schedule, the JTS makes the execution report form available on the web site of the programme, in the section corresponding to the project execution report form. This form is pre-filled based on data of previous execution reports and data of the approved application form.

At the project level, the “execution report form” is available for the Lead Partner and the partners on the web site of the programme (Platform for Collaborative Communication – PCC) in the specific domain of the project in the section “Execution report and payment claims”

#### **ADVICE**

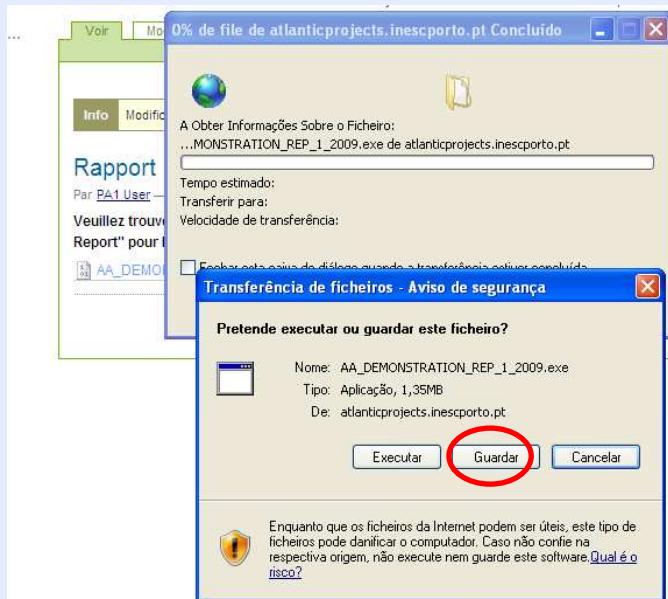

- 1º In order to prevent any trouble with the handling of report forms please avoid using your internal/corporate network. You are strongly recommended to use the disk of your own PC.**
- 2º Avoid using large extensions names for your files. You are strongly advised to use a simple folder like C:\AtlanticArea and organise your information reports with such a directory.**

Click on the corresponding file, choose your destination folder (e.g. C:\AtlanticArea) and choose “Save”.

The screenshot shows the PCC interface. At the top, there is a blue header bar with the text "Accueil" and "Projects". Below the header, a navigation menu on the left lists various project sections. The "Execution reports and payment claims" section is highlighted with a red oval. On the right, a main content area displays a report titled "Rapport Exécution n°1/2009". A file named "AA\_DEMONSTRATION REP\_1\_2009.exe" is listed, also circled in red. At the bottom of the content area, there are links for "Envoyer cette page", "Imprimer", and "Notify Users".

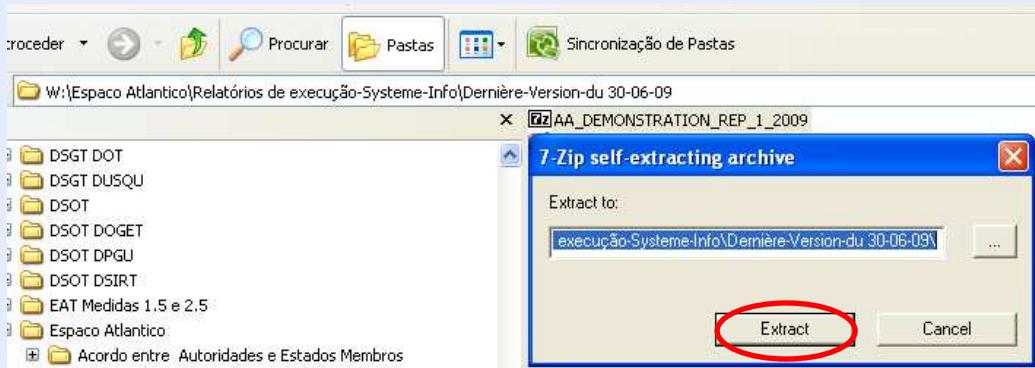

## A.02 - HOW TO INSTALL THE APPLICATION FORM?

Save the file of the report form on your computer in the folder chosen to manage your project reports.

The report form is in a zipped executable file whose name's structure is:  
AA\_«Project Acronym »\_REP\_«Nº and year of the report ».exe

Click on the zipped file and select "extract"

You obtain the execution report form at project level. The name's structure is:

AA\_«Project Acronym »\_REP\_«Nº and year of the report ».accdr

### Note :

The execution report and payment claim forms run under Microsoft Access 2007. If you have not Microsoft Access 2007 on your PC, please refer to the freeware tool provided by Microsoft that you can download from:

<http://www.microsoft.com/downloads/details.aspx?familyid=d9ae78d9-9dc6-4b38-9fa6-2c745a175aed&displaylang=en>

Access 2007 Runtime is a rich freeware platform enabling to run Access 2007 applications by which you can run all Atlantic Area electronic forms without a full installation of Access 2007.

## A.02 - HOW TO INSTALL THE APPLICATION FORM?

**Generate the execution report form for each partner.**

The file for the execution report at project level allows you to generate a “sub report” for each of the partners.

**CAUTION**

A “sub report” must be generated for each partner as well as for the Lead Partner for its specific activities and expenses.

You can generate the “sub reports” specific to each partner in **two ways**:

- generation only by the Lead Partner for all the other partners,
- Individual generation by each partner.

**See the section B.02, for details on the process.**

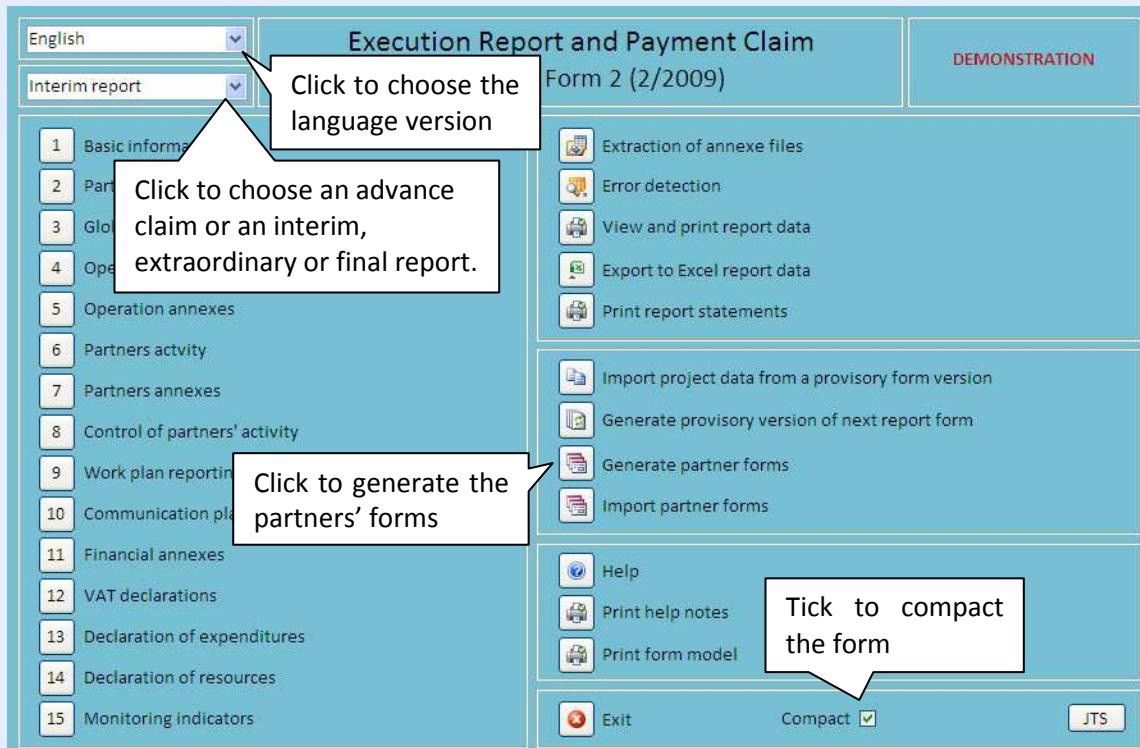

## **B - THE FIRST STEPS THAT MUST BE CARRIED OUT**

## B.01 - THE EXECUTION REPORT FORM: GENERAL STRUCTURE AND FIRST STAGES TO CARRY OUT

Presentation of the general structure of the form related to the **global** project.

The execution report form is divided into 15 sections which, for the referred period, allows you to:

- describe the activities carried out,
- declare and justify the expenses made and paid,
- make a payment claim.

### Some rules on how to work with the form:

To **EXIT** the form, **ALWAYS** return to the home page and click on **Exit**

To **ACCESS** a section, click on the number of the corresponding section

To **UNDO** the last input click on **ESC**

The “**COMPACT**” command.

This command allows the file compacting and to reduce its size.

### ADVICE:

1º In order to speed up the form edition you shall maintain the **Compact** option **unselected**.

2º However, in order to improve internet exchanges, you **MUST** tick “Compact” before uploading the form on the PCC.

To **EXIT** a section, in the upper right hand corner of the screen, you must click on the Close or in the “X” button

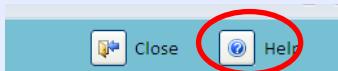

**NOTE:** The data inserted in a section is automatically **saved** when you exit the page

## B.01 - THE EXECUTION REPORT FORM: GENERAL STRUCTURE AND FIRST STAGES TO CARRY OUT

On each page **HELP** is available.

Help allows you to permanently access advice related to what should be filled in for the different fields appearing on the page of the screen.

### The first processing stages of the execution report form

- Select the type of form (Advancement claim, interim report, extraordinary report or final report)

1. Report identification					
Choose the linguistic version of the form English	Priority 1 Promote transnational entrepreneurial and innovation networks	Select the languages that you eventually want to change <input type="checkbox"/> Modification of working language <input type="checkbox"/> Modification of official documents language			ERDF claim
Project n° 99	Objective 3 Stimulate economic conversion and diversification by promoting regional endogenous potential				Partner Withdraw ERDF 1 2 3 4 5
Acronym DEMONSTRATION	Title Demonstration			Total	
Approved start date 01-01-2009	Approved working Language English	Approved language of official documents English			
Approved end date 31-12-2010	Reviewed working Language	Reviewed language for official documents			
Periodicity: Half-yearly	Report n° 1	Report date	Report type Interim report	Payment claim	
Period: Half-year 1/2009					
Project starting up statement	Starting date	Annexe	Brief description of document contents		
			Document location		
Activity statement and reimbursement claim	Statement date	Annexe	Brief description of document contents		
			Document location		
General information concerning the present report					

#### - Report date

Specify here the date of the day you submitted to the Managing Authority / Joint Technical Secretariat.

#### - ERDF claim

In this section, all the partners appear ordered numerically.

If, during the implementation of the project a partner withdraws from the project, the box "Withdraw" will be ticked. This information will remain until the end of the project.

#### - The ERDF column.

The Lead partner should indicate here the ERDF amount requested by each partner. If the partner **does not make an ERDF request** for this execution report, keep the field empty.

Refer to section **D.01** of this User's Guide, which corresponds to the consolidation of information by the Lead Partner.

#### - Modification of the work language and the language of official documents

If the partnership intends to change in relation to the approved application, should do it by:

- . select the changes to do
- . Select the language in the scroll list.

## B.01 - THE EXECUTION REPORT FORM: GENERAL STRUCTURE AND FIRST STAGES TO CARRY OUT

### The specific case of an advancement claim

An advancement of 3% of the approved ERDF may be granted upon request of the main beneficiary after Subsidy Contract signature (article 4, line d). In the form you should add the project starting up statement and a (declaration that certifies activities have started) and the advancement claim statement.

This amount will be deducted to each one of the partners from the first payment / reimbursement claim

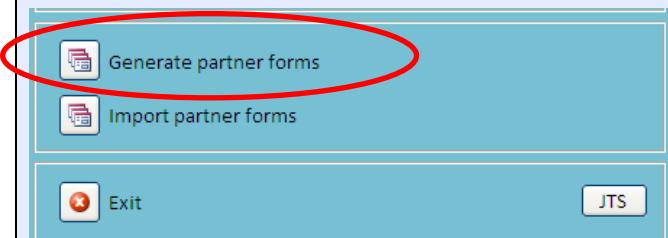

The screenshot shows a software interface for an 'Execution Report Form'. At the top, there are fields for 'Periodicity: Half-yearly', 'Report n°: 1', 'Report date' (empty), 'Report type: Advancement claim' (selected), 'Payment claim' (checkbox checked), and 'Total' (empty). Below this, there are two main sections: 'Project starting up statement' and 'Advancement claim'. Each section has fields for 'Statement date' (empty), 'Annexe' (empty), 'Brief description of document contents' (empty), and 'Document location' (empty). The 'Project starting up statement' and 'Advancement claim' sections are both circled in red.

Refer to section **D.01** of this User's Guide, corresponding to the consolidation of information by the Lead partner, with respect to the declaration to be attached.

## B.02 - HOW TO CREATE THE SUB FORMS FOR EACH PARTNER?

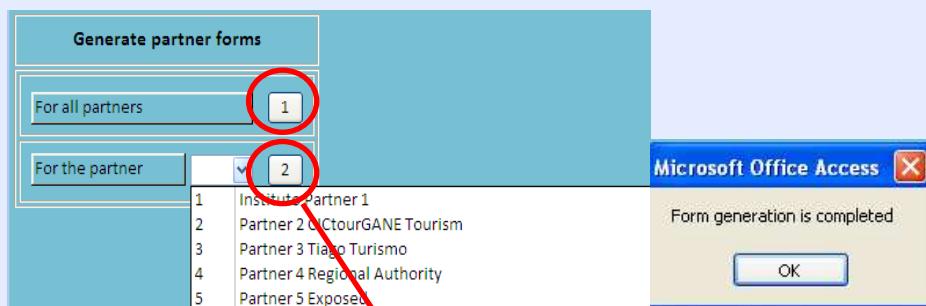

### Generate the execution reports form for each partner

Whatever chosen way (generation by the Lead Partner for all the partners / individual generation by each partner), you must click on "Generate partner forms".

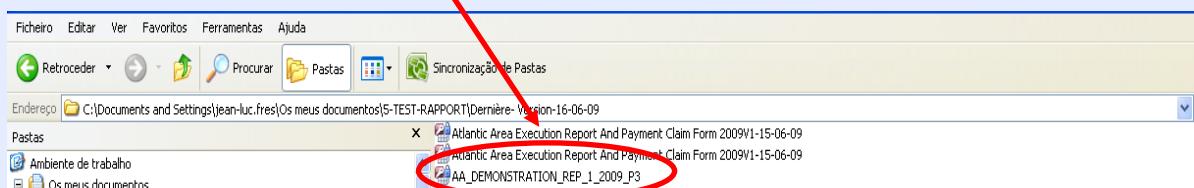

The Lead Partner may make a group generation for all the project partners by clicking on **button 1**.

In the case of individual generation, each partner must edit its own "sub report", the partner chooses the nº and the name corresponding to its organisation in the scroll list and click on **button 2**.

The system automatically creates the file corresponding to the partner(s) selected in the directory that has been previously specified.

The format of the name of the file which is created **for each partner** is :  
AA\_ "Acronym of the project" \_REP "Nº & year of the Report" \_P"Nº of the Partner"

#### ADVICE

Each partner should save the file in a directory with an explicit name detailing the nº and the period covered by the report.

## B.02 - HOW TO CREATE THE SUB FORMS FOR EACH PARTNER?

### Case n°1

If the Lead Partner issued all the “sub report” for each partner, he needs to make them available for each of them on the website of the programme (PCC).

The Lead Partner must download the report at the project level, then generate the “sub report” for each partner and finally put each “sub report” on the PCC in the directory “Execution report and payment claim”, in the section “Partner Reports”.

### ADVICE

- To clarify and ease the access, a folder for each project partner can be created.
- In order to speed up the download you must zip the files.

### Case n°2

If partners decide to generate themselves and directly their report, they download the report form at the project level, located in the directory “Blank forms”, then, they generate their own “sub report” and save it on their PC.

You are here: Home > Project Area > Template > Project Template 2

## **C - THE EXECUTION REPORT FOR THE PROJECT PARTNER**

## C.01 - THE PARTNER : HOW TO ACT IF YOU INPUT DATA IN A PREVIOUS EXECUTION REPORT VERSION AND YOU WANT TO INCORPORATE IT WITHIN A CURRENT VERSION?

If, for any reasons, you have inserted data in a previous execution report , you can, **NOW**, transfer all or part of the data, **to the new version**.

How to retrieve the information included in a previous execution report version?

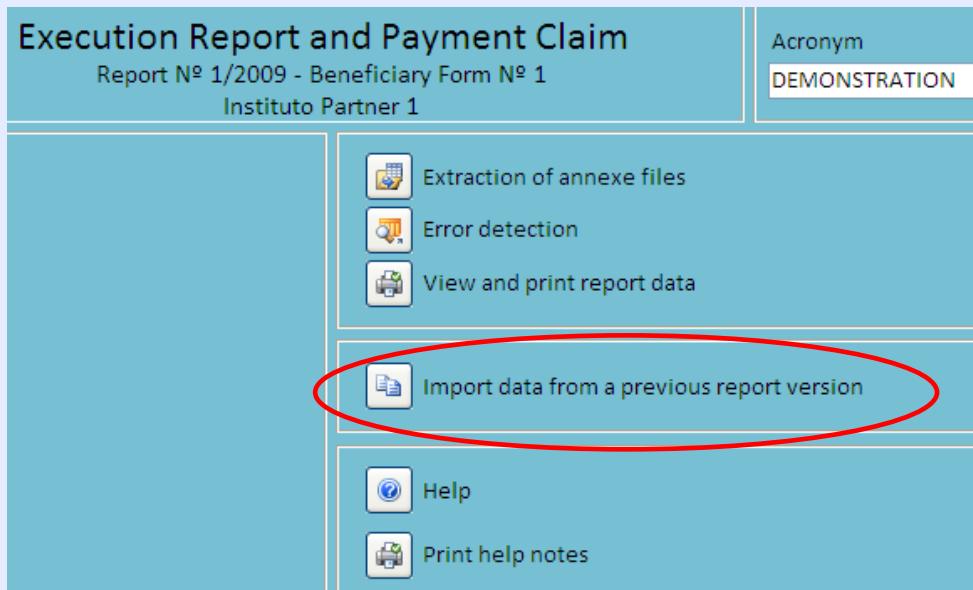

Example of situation:

- You include data within the report **nº 1-2010**, but you've not been able to be ready on time and the Lead Partner in order to meet the deadline date, submitted the report **nº 1-2010 without** your financial information.

**In order to avoid starting again on nº 2-2010**, the form allows you to incorporate the data included in the previous report.

**Open the Access file of the execution Report in which you want to include the data.**

**Click on "Import data from a previous report version"**

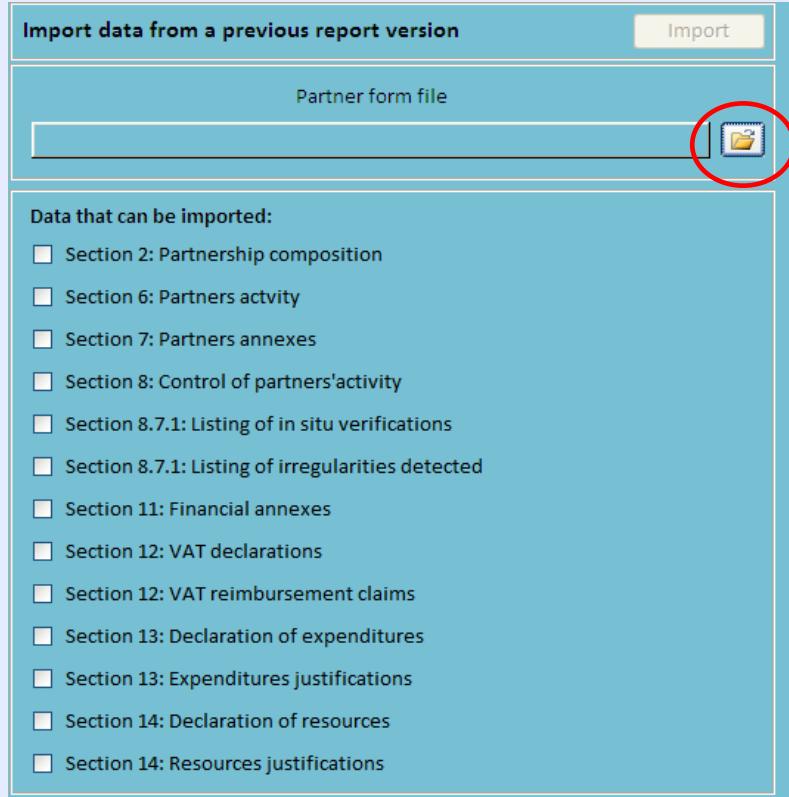

**Note:** You must import the data from a previous report version before any edition of the form. If you start to complete the form you will no longer be able to import data from other report versions.

If you have financial documents stored in a previous report version and you want to include new financial documents you must first import data and then include the additional financial documents.

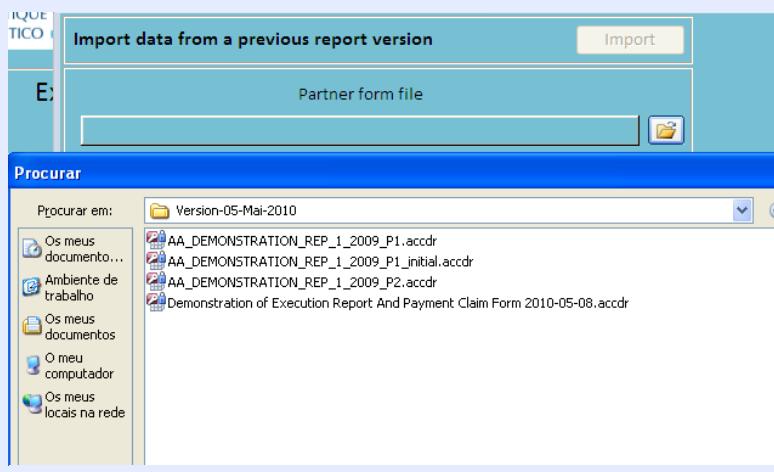

## C.01 - THE PARTNER : HOW TO ACT IF YOU INPUT DATA IN A PREVIOUS EXECUTION REPORT VERSION AND YOU WANT TO INCORPORATE IT WITHIN A CURRENT VERSION?

The following pop up window opens

**Click on the “Folder” to select the Access file of the execution form of the previous report from which you want to retrieve the data.**

**Choose the file from which you want to retrieve the data.**

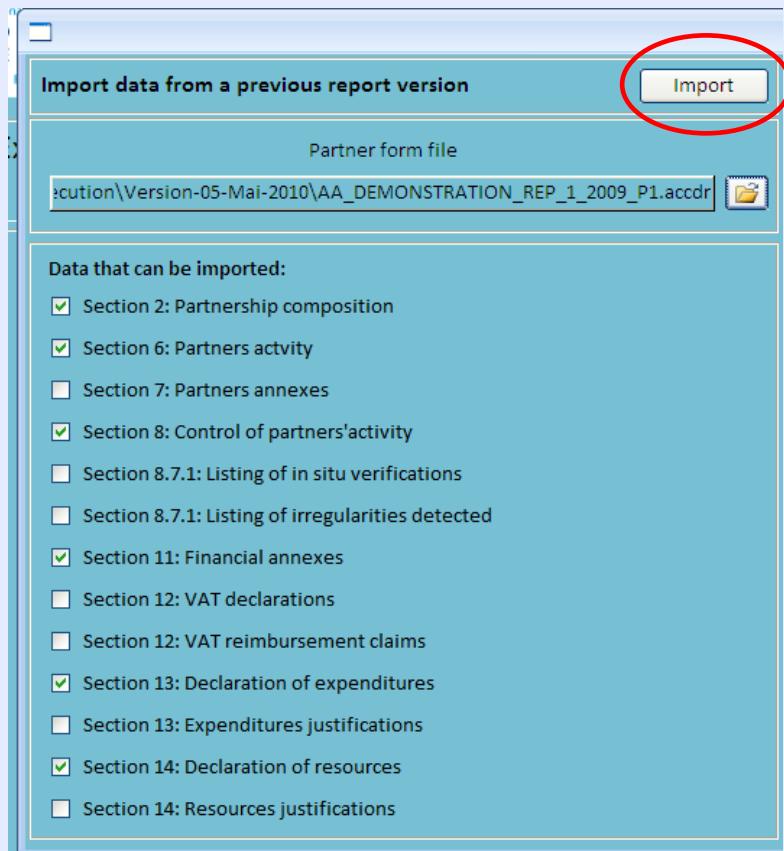

## C.01 - THE PARTNER : HOW TO ACT IF YOU INPUT DATA IN A PREVIOUS EXECUTION REPORT VERSION AND YOU WANT TO INCORPORATE IT WITHIN A CURRENT VERSION?

The system ticks the sections where data has been found.

**Note:**

You must verify if all convenient sections to be imported are ticked. If a section is missing please contact the JTS

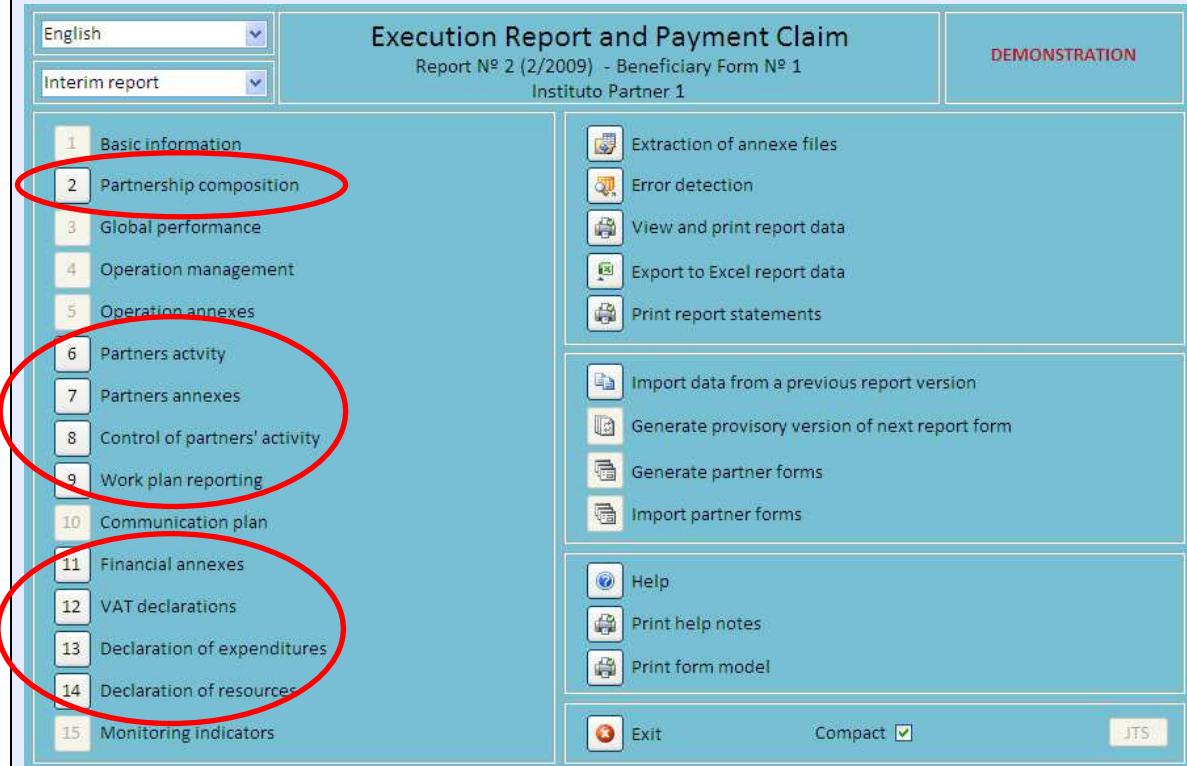

Click on "Import", the system mentions if the import has been correctly completed.

## C.02 - THE PARTNER: GENERAL STRUCTURE OF THE SECTIONS TO BE FILLED IN

The general structure of the execution report for each of the partners allows access to **9 partner level sections**.

In addition, the form gives access to other functions which facilitate the completion process of the report namely the financial aspects and also the access to standard documents which may be used to formalise certain steps of the first level control procedure.

### Function «Error Detection»

This button allows you to detect errors or inconsistencies in the data uploading. Do not hesitate using it during the input process, namely for the financial information input (expenses, financial attachments, resources). **For each partner**, when you have finished filling in your report, it is important to use this function **before** putting making your report available to the Lead Partner.

The error detection is a procedure to automatically identify possible incoherencies on report completion. 3 kinds of results are reported:

- “**Errors**” - consisting in major incoherencies that **must be corrected** before report submission to the Managing Authority;
- “**Warnings**” - consisting in potential incoherencies that **must be entirely read** and carefully analyzed as they could possibly require corrections;
- “**Remarks**” - consisting in information concerning minor incoherencies in relation to none compulsory suggestions established for guiding the report completion.

## C.02 - THE PARTNER: GENERAL STRUCTURE OF THE SECTIONS TO BE FILLED IN

### Function «View and print report data»

This Function gives you the possibility to print out the project report sections.

The screenshot shows a software interface titled 'View and print report data'. At the top left is a 'Reports' button. At the top right is a 'Help' button. The main area contains two columns of numbered options:

T Print all report	8 Control of partners activities
1 Basic information	9 Work plan reporting
2 Administrative information	10 Communication plan
3 Global performance	11 Financial annexes
4 Operation management	12 VAT declarations
5 Operation annexes	13 Declaration of expenditures
6 Partners activity	14 Declaration of resources
7 Partners annexes	15 Monitoring indicators

Below these columns are two buttons: 'Print Final Report Questionnaire' and 'Back to the main menu'.

### Function «Export to Excel report data»

This Function gives you the possibility of exporting a list of tables to Excel, which allow to complete more easily certain financial data and to control that the information included is coherent with that of the project monitoring tools you have developed separately.

The screenshot shows a software interface titled 'Export to Excel report data'. At the top left is a 'Reports' button. At the top right is a 'Help' button. The main area is divided into four quadrants, each containing a list of export options:

- Top Left Quadrant:**
  - Financial synthesis
  - Physical execution
  - Project documents list
  - Partners documents list
- Top Right Quadrant:**
  - Physical and financial execution of operational activities
  - Physical execution of operational actions
  - Physical and financial execution of communication activities
  - Monitoring indicators
- Bottom Left Quadrant:**
  - Resources per year and item
  - Resources per partner and year
  - Resources per partner and item
  - Resources per partner, year and item
- Bottom Right Quadrant:**
  - Financial documents listing
  - Allocation of expenditure probative documents
  - Allocation of resources probative documents
  - VAT reimbursement claim
- Bottom Center Quadrant:**
  - Expenditures per activity
  - Expenditures per year
  - Expenditures per partner
  - Expenditures per item
- Bottom Right Quadrant:**
  - Expenditures per partner and year
  - Expenditures per partner and item
  - Expenditures per partner and activity
  - Expenditures per partner, year, activity and item

At the bottom left is a 'Back to the main menu' button.

## C.02 - THE PARTNER: GENERAL STRUCTURE OF THE SECTIONS TO BE FILLED IN

### Function «Print report statements»

This function allows you to print some standard declarations. In the right column you may prints models, while in the left column you may generate the following custom declarations:

1<sup>a</sup> For first level control:

- Print Desk Control Statement
- Generate List of desk controlled documents

2<sup>a</sup> For on-spot control:

- Print on-spot Control Statement
- Generate List of on the spot controlled documents

3<sup>a</sup> For National Correspondents control:

- Print Control Procedures Supervision Statement

4<sup>a</sup> For partner closure statements:

- Print partner activities closure Statement

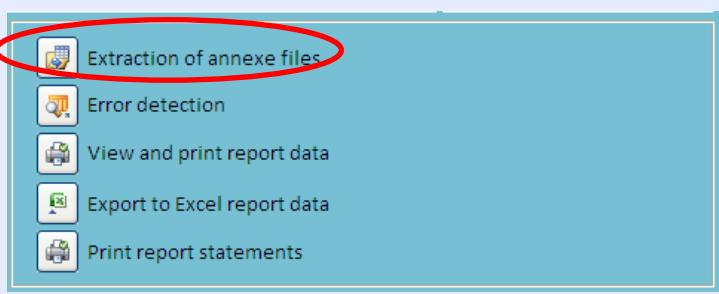

5<sup>a</sup> For lead partner statements:

- Print Project Starting up Statement
- Print Advancement Claim Statement
- Print Interim Report Statement
- Print Final Report Statement

Print report statements	
Report statements	Models of statements
Print Desk Control Statement	Desk Control Statement Model
Print On-Spot Control Statement	On-Spot Control Statement Model
Print Control Procedures Supervision Statement	Control Procedures Supervision Statement Model
Generate listing of desk controlled documents	Model of listing of desk controlled documents
Generate listing of on the spot controlled documents	Model of listing of on the spot controlled documents
Print Advancement Claim Statement	Advancement Claim Statement Model
Print Interim Report Statement	Interim Report Statement Model
Print Final Report Statement	Final Report Statement Model
Print Project Starting up Statement	Project Starting up Statement Model
Print partner activities closure statement	Partner activities closure statement model

### Function «Extraction of attached files»

Allows all the PDF documents enclosed in the report to be made available in file format ordered according to the section of the form.

## C.03 - THE PARTNER: SECTION 2 – PARTNERSHIP COMPOSITION

This section displays the general information on the administrative information of the partner and the persons involved for this organisation in the implementation of the project.

It is possible when doing an activity report to point out certain minor alterations done in the administrative information.

This **modification** is only possible through the “**sub report**” of each partner.

### **ADVICE Nº1**

**Check** that the information displayed is correct. **Control** if the choice for the field “Type of organisation” is the correct one, address, telephone and emails.

**Check** that all the information provided for the coordinates are updated.

### **ADVICE Nº2**

Although it is technically possible, **do not wait 3 or 6 months to point out** to your Lead Partner ALL the changes that have occurred.

The quality of the information and the possibility to contact you depends on your immediate reaction and on pointing out these **alterations to your Lead Partner** as soon as they occur. It is up to the Lead Partner to communicate as soon as possible these changes to STC through the relevant form provided by the programme.

If there was no alteration for this data, go to the following section.

The screenshot shows a software interface for managing partnership composition. On the left, there are three tabs: 'Legal representative', 'Contact person', and 'Financial responsible'. Each tab contains detailed information fields for a specific individual, including Surname, Name, Function, Address, Post code, City, Phone, Fax, Country, and Email. The 'Legal representative' tab is currently active, displaying information for Xosé Iglesiasel, Director de Turismo, located at Rúa do Vilarase, E-15705 Santiago de Compostela, Spain, with email direccion@tiagoturismo.com. The 'Contact person' tab shows information for Iñaki Gaztelumondadori, Gerente de Turismo, at the same address and with email gerencia@tiagoturismo.com. The 'Financial responsible' tab shows information for Jose Vúrgica Fanjul, Finance Officer, at the same address and with email direccion@tiagoturismo.com. On the left side of the interface, there is a sidebar with various dropdown menus and input fields related to the partner's details, such as 'Position in the partnership', 'Organization', 'Department', 'Type of organization', 'People at service', 'Country', 'Region', 'Tax Identification', 'Legal status', and 'Website'.

**Note:** In the case of change of the legal representative, you must attach in section 7 a probative document of the new legal representative.

## C.04 - THE PARTNER: SECTION 6 – PARTNER'S ACTIVITIES

Section 6 allows **each partner** to :

- describe the partner's activities within the implementation of the work plan,
- give information regarding certain European regulations,
- give information about the public procurement procedures or open competition

### Section 6.1: Partner's participation in the work plan during the period of the report

On the right, you can see what was indicated in the initial application for the partner in question. In the active field, you should describe the activities developed during the period of time to which the execution report refers.

**Limited to 1 000 characters**

#### 6.1 - Partner participation in the work plan

Partner participation in the working plan achieved in the reporting period

Partner participation in the approved work plan

Regional network partner in the regional development program  
the Atlantic Creative Tourism Showcase

### Section 6.2: Conformity to fundamental European regulations

In this section are described the actions or measures implemented which relate to the significant principles laid down in European legislation, for the period to which the execution report refers.

Specifications will be given on the principle applying to the partner in terms of public procurement procedures, state aids, environment and equal opportunities.

**Limited to 10 000 characters**

#### 6.2 - Conformity with fundamental community rules

Description of relevant incidences, measures and actions taken concerning public procurement, state aids, environment and equal opportunities

### Section 6.3: Information on public contracts

Describe the procedures effectively implemented within the public procurement procedure applying for awarding contracts or the open competition procedures according to the applicable regulation in the partner's country, during the period to which the contract refers. **Limited to 10 000 characters**.

#### 6.3 - Public procurement information

Description of amounts and procedures involved in actions covered by public procurement rules

#### Notes:

1) In this section you must summarise the information about public procurement procedures implemented during the report reference period. You must inform about:

- Description and amount of expenditures;
- Type of public procurement procedures applied;
- Publicity measures;
- Number and Type of applicants;
- Adjudicated entities.

2) Details should be submitted through documentation to attach in the section 7.

3) If no public procurement procedures were applied during the report reference period, you must insert the following information: No public procurement procedures were applied during the present reporting period.

## C.05 - THE PARTNER: SECTION 7 – PARTNERS' ATTACHMENTS

Section 7 allows the partner to send (preferably **in PDF format**), relevant documents or extracts of documents concerning the activities implemented.

**Note: In order to minimize the form size you must create PDF attached files with minimum resolution.**

Annexe	Partner	Type	Brief description of document contents
3	Ord	Working documents	Partnership
1	1	Publicity, promotion and diffusion materials	
		Publications	
		Statements and official documents	

**For each document annexed you must:**

- choose the type of document within the proposed typology,
- do a brief summary of the content,
- indicate the reference date of the document (very often the production date),
- indicate where the original is archived.

**How to attach a document?**

- double click on « Annexe », a dialogue box appears, click on « Add » to access your documents and choose the document to attach.
- choose the document and press « OK ».

Annexe	Partner	Type	Brief description of document contents
3	Ord	Working documents	Partnership
1	1	Publicity, promotion and diffusion materials	Partnership

Anexos  
Anexos (Doble clique para abrir)

OK Cancelar

**How to add a new attachment?**

Just click on « Add new annex », a new line appears, by default it contains the nº of partner of the project and an identification number of the attached documents.

**How to remove an attachment already attached?**

Choose the annex you want to remove. Click on “Delete annex”. The system updates the numbers of the other annexes.

## C.06 - THE PARTNER: SECTION 8 – CONTROL OF THE PARTNER'S ACTIVITIES

This section 8 allows to :

- indicate your status regarding VAT,
- insert the declaration of compliance regarding fiscal administration in the partner's country,
- insert the declaration of compliance regarding social contributions due in the partner's country,
- indicate the service provider or organisation ensuring the 1st level control (financial controller),
- annex, in PDF format, the declaration and other documents regarding the 1st level control,
- annex, in PDF format, the declaration and other documents regarding the supervision of the 1<sup>st</sup> level control done by the competent national authorities,
- annex, in PDF format, the declaration and other documents regarding a possible on-the-spot control.
- annex, in PDF format, the partner closure declaration which shall be submitted within the Final Report..

### Section 8.1: Status in terms of VAT

Indicate here if you can or cannot deduct VAT in relation to tax authorities.

8. Control of partners' activity Nº 3	Partner 3 Tiago Turismo España	Gerencia de Turismo Galicia	Select partner	Help
8.1 Partner with right to deduct VAT? <input checked="" type="checkbox"/> Yes				
8.2 Tax regularity statement <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No				

**Note:** If the partner wants to communicate the evidence regarding the VAT status, it must be enclosed in the section 7 "Partner annexes" by choosing the typology "Statements and officials documents".

### Section 8.2: Declaration of compliance with the fiscal obligations

You must annex here, **in PDF format**, a document concerning the status of your organisation regarding tax obligations (see notes below referred to sections 8.2 and 8.3).

8.2 Tax regularity statement		
Annexe	Reference date	Brief description of document conte
<input type="file"/>	<input type="text"/>	<input type="text"/>
Valid until (*)	Document location	
(*) In case of official document, mention the time-limit, please. In case of declaration on honour, leave it in blank.		

### Section 8.3: Declaration of compliance with the payment of social contributions

You must annex here, in PDF format, a document concerning the compliance of your organisation with the payment of social contributions (see notes below referred to sections 8.2 and 8.3).

8.3 Social contributions regularity statement		
Annexe	Reference date	Brief description of document conte
<input type="file"/>	<input type="text"/>	<input type="text"/>
Valid until (*)	Document location	
(*) In case of official document, mention the time-limit, please. In case of declaration on honour, leave it in blank.		

The insertion of documents in sections 8.2 and 8.3 is done by double clicking on « Attachment ». You must:

- specify the reference date of the document,
- write a brief description,
- indicate where the original is saved.

## C.06 - THE PARTNER: SECTION 8 – CONTROL OF THE PARTNER'S ACTIVITIES

**Notes referred to the documents that are accepted under sections 8.2 (Tax compliance statement) and 8.3 (Social contributions regularity statement):**

- 1º The documents to be uploaded to these fields shall strictly comply with national rules.
- 2º Depending on Member-States specificities, three kind of declarations are allowed:
  - a) Official declarations signed by the competent national authorities certifying that the concerned partner is not in debt with the tax and with the social security systems.
  - b) Solemn declaration signed by the legal representative informing that the entity she/he represents is not in debt with the tax and with the social security systems.
  - c) Formal declaration signed by the project contact person or the legal representative informing that in the referred Member State such declarations are not foreseen/not mandatory as a precondition for the submission of an ERDF reimbursement claim.
- 3º Documents mentioned above are transferred with execution reports and shall be updated on the basis of the following rules:
  - a) Official declarations shall be updated whenever necessary to include the period up to the submission of the reimbursement claim by the Management Authority to the Payment Authority that is a minimum of 30 days following submission of the implementation report by the lead partner (**Portuguese and Spanish partners**).
  - b) Solemn declarations shall be updated for each implementation report through which the partner claims a reimbursement.
  - c) In the case of a formal declaration informing that tax and social contributions compliance declarations are not required, it needs to be submitted only once.

### Section 8.4: Financial controller

You must specify in this section all information about the first level controller.

**As a reminder,** the controller must have been validated by the competent national authorities.

8.4 Financial controller			
Tax Identification		Organization	
Surname	Address		
Name	Post code	City	
Phone	Fax	Country	Email

### Section 8.5: Results of the administrative verifications

This section allows you to annex, **in PDF format**, the control report form the 1st level controller which is entitled to do this type of control within your organisation. The control reports include a desk control statement, **AND the list** of documents controlled, as well as the documents requested within the process defined at national level.

Note: The on desk control statement and the list of documents controlled on desk are generated within the section "Print report statements".

#### Documents to be included

- Print Desk Control Statement
- Generate List of desk controlled documents
- 1<sup>st</sup> level control check list
  - FR - Check-list contrôle de 1<sup>er</sup> niveau
  - IE - Article 13 Completion check list and performing transaction testing – Eligibility rules check list
  - PT - Lista de verificação e declaração do controlador (Anexo 6A IFDR)
  - SP – Informe de verificación de gestos y Listado de comprobación de los requisitos del Art. 13 del RGTO. (CE) Nº 1828/2006
  - UK - Performing transaction testing – Eligibility rules check list

You must tick the box « Certified? » when the control report is attached (statement + listing) and the expenditures declared are validated as correct and exempt of errors.

For details see specific Part on First Level control process.

## C.06 - THE PARTNER: SECTION 8 – CONTROL OF THE PARTNER'S ACTIVITIES

The insertion is done by double clicking on « Annexe », you must:

- specify the reference date of the document,
- write a brief description,
- indicate where the original documents are saved.

8.5 Administrative verifications results		
Annexe	Certified?	Brief description of document contents
<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Reference date	Document location	

### Section 8.6: Supervision of the National Correspondent

This section allows you to annex, **in PDF format**, the declaration established by the competent national authorities ensuring the supervision of the measures of control at a 1st level, as well as the document requested within the process defined at national level.

**Note:** The supervision statement may be generated within the section “Print report statements”.

You must tick the box « Certified? » once the section 8.5 has been filled in and the supervision statement attached.

The insertion is done by double clicking on « Annex », you must:

- specify the reference date of the document,
- write a brief description,
- indicate where the original documents are saved.

8.6 National Correspondent supervision		
Annexe	Certified?	Brief description of document contents
<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Reference date	Document location	

### Section 8.7: On the spot Verification

This section allows you to annex, **in PDF format**, the on the spot control report regarding controls done on the partner's premises or on any other place allowing to verify the reality of the investments, equipments, materials, financed within the project's implementations. The on spot control statement **AND** the list of documents controlled on the spot, as well as the document requested within the process defined at national level must be attached in this section 8.7.

**Note:** The on the spot control statement and the list of documents controlled on spot are generated within the section “Print report statements”.

Documents to be included

- Print on-spot Control Statement
- Generate List of on the spot controlled documents

#### Section 8.7.1 Listing of the in situ verifications and irregularities

Clicking on the button the following screen appears giving the listing of all the evidences defined within the previous reports and the current one.

## C.06 - THE PARTNER: SECTION 8 – CONTROL OF THE PARTNER'S ACTIVITIES

8.7.1 Listing of in situ verifications and irregularities detected										Verified	Irregularities amount detected			Errors
Report	Partner	Financial document and correspondent payment dates			Allocated value	Bef	Act	previously	by the Programme	Actual process	Typology	N°		
1/2009	1	1	01/03/2009	Humans resources February	2 000,00 €	<input type="checkbox"/>	<input checked="" type="checkbox"/>			22,00 €				
1/2009	1	2	01/04/2009	Humans resources expenditures March 2009	2 400,00 €	<input type="checkbox"/>	<input type="checkbox"/>							

The information is displayed according the following items:

- The report number
- The partner number
- The reference of the document and the allocated value
- A column “Verified” sub divided in two.

“Bef” = “Before”

When this box is ticked it means this specific evidence has already been checked within a previous control.

This previous control could serve to identify irregularities.

In the column “Previously” you find the possible irregularity identified within a previous on the spot control. It clearly means that it is perfectly useless to check it again within the current report.

In the column “By the programme”, you find the possible irregularity identified by a programme body (Audit Authority, European Commission’s audit). This clearly means that it is perfectly useless to check it again within the current report.

“Act” means “Current”

If, within the in situ control of the **CURRENT** report an irregularity referring to previous reports is detected, you **MUST** tick this box and mention the amount which is considered as irregular and which **must be deducted**.

In case an irregularity is detected you must click on “Typology”, in order, within the list displayed, to define the type of irregularity.

Listing of irregularities detected		
Report 1/2009	Partner 1	Doc 1
Irregularities		
31	Ineligibility of the beneficiary	<input type="checkbox"/>
32	Ineligibility of the project	<input type="checkbox"/>
33	Alterations to the project approved	<input type="checkbox"/>
41	Duplication of aid	<input type="checkbox"/>
42	Expenditures not imputable to the project	<input type="checkbox"/>
43	Expenditure outside the period of eligibility	<input type="checkbox"/>
44	Expenditures without receipts	<input type="checkbox"/>
45	Expenditures superior to the legal limits	<input type="checkbox"/>
46	Criteria of imputation internal/ indirect costs	<input type="checkbox"/>
47	Lack of reasonableness of expenditures	<input type="checkbox"/>

In the section “View and print report data”, the on the spot control statement is generated as well as the listing of documents controlled on the spot.

You must tick the box « Certified? » when the on the spot control report is attached (statement + listing) and the expenditures declared are validated and the possible irregularities mentioned.

The insertion is done by double clicking on « Annexe », you must:

- specify the reference date of the document,
- write a brief description,

## C.06 - THE PARTNER: SECTION 8 – CONTROL OF THE PARTNER’S ACTIVITIES

- indicate where the original documents are saved.

8.7 On-the-spot verifications <input checked="" type="checkbox"/>		
Annexe	Certified? <input type="checkbox"/>	Brief description of document contents
[Blank]		
Reference date	Document location	
[Blank]		

### The partner closure statement

The partner statement as generated in the section Report Statements shall be submitted through the section 8.8, which will be available in the Final report.

8.8 Partner activities closure statement		
Annexe	Reference date	Brief description of document contents
[Blank]		
Document location		
[Blank]		

## C.07 - THE PARTNER: SECTION 11 – FINANCIAL DOCUMENTS AND CORRECTIONS

Section 11 lists all the evidences/supporting documents regarding the expenses presented and **paid which have not yet been subject to an ERDF claim**. Each annex of probative documents shall be allocated to one or more eligible expenditure budget heading. For the resources, the documents can correspond to non matching complementary funds (revenue generated by the project, European Bank of Investment or other extra co-financing fund)

Probative documents are evidences of the reality of the expenditures, making proof that they were effectively paid and they are in direct relation to the project. You don't need to attach all pieces related to expenditures, but only those that you consider sufficient as probative evidences of expenditures or defined as such by the National Authority in charge of the supervision of the First Level control process.

Such evidences shall demonstrate that expenditures were allocated to the project (identifying documents with the project acronym or using a specific stamp), mentioning the amount (discriminating the part of document value registered as project expenditure) that they were effectively paid and registered within the project accounting (by the presentation of accounting listing evidences).

### **ADVICE N°1**

You may register as a single financing annex a set of expenditure evidences related to the same budget year and expenditure heading (e.g. human resources may be presented by the complete set of wage slips or other probative document regarding staff team involved in the project, provided they demonstrate that the amount declared were paid and registered as project expenditure).

For a specific travel involving one or two people, you **MUST** group all the evidences and **AVOID** to write a line for each specific document.

### **ADVICE N°2**

#### **Organise for each partner the financial documentation**

The execution report is divided per year, activity and type of expense (budget line).

It is therefore **very important** to implement, **right from the beginning of the project**, an **indexation** system of expenses, which facilitates the location of the evidences when writing the execution report.

Each set of evidences justifying item or group of items of an expense, in PDF format, could be indexed specifying:

- the budget year to which it refers (Ex: 2009),
- Act 3 & 4-Trip and Accommodation – M Smith Work meeting xxxxx du xx/xx/2009.

## C.07 - THE PARTNER: SECTION 11 – FINANCIAL DOCUMENTS AND CORRECTIONS

**Group** in the same attachment **ALL** the evidences related to this trip.

When a set of evidences are related to several activities, please mention the various activities but **DO NOT duplicate** the same set of documents for each activity is related to.

### **ADVICE N°3**

To reduce the number of documents attached **DO NOT DUPLICATE** documents. If a probative document justifies two or more expenditures defined in different budgetary line, the allocation is done by splitting the global value between the different related budgetary lines.

Furthermore, you can **join the logical sequence** of certain evidences related to an expense: order document / invoice issued by the supplier / bank statement attesting the payment.

### **ADVICE N°4**

Register the attachments in increasing chronological order, i.e starting by the oldest year. In fact, in section 13 «Expenses declaration» the expenses are organised with this chronology.

#### **How to get justification documents of the declared expenses in the execution report?**

- double click on « Annexe », a dialogue box appears, click on « Add » to access your documents and choose the document to attach.
- choose the document and press « OK ».

**Note: In order to minimize the form size you shall create pdf attach files with minimum resolution.**

11. Financial annexes							
		Total amount = € 28560		Total certified = € 28560		Annexe N° 2	
Annexe	Partner	Doc N°	Value (including VAT)	VAT deductible	Certified amount	Brief description of document contents	Comments on the VAT
	3	1	25.000,00 €		25.000,00 €	2009 - Act 2,3 and 4 - Human Resources	
Document type			Reference date	Payment date	Document to be corrected	Document location	Expenditures 
Invoices, receipts, payment ord			31-12-2009	31-12-2009		Partner 3 Premises (Accounting Department)	Resources 
Annexe	Partner	Doc N°	Value (including VAT)	VAT deductible	Certified amount	Brief description of document contents	Comments on the VAT
	3	2	3.560,00 €		3.560,00 €	2009 - Act 13 and 14 - Masson Services	
Document type			Reference date	Payment date	Document to be corrected	Document location	Expenditures 
Invoices, receipts, payment ord			09-03-2009	04-05-2009		Partner 3 Premises (Accounting Department)	Resources 

#### **Which different information do you have to fill in?**

- «the amount (VAT included)» in **Euros** related to the expense for which the justification documents are presented.
- «VAT deductible», the amount of VAT deductible. If you have not the right for deducting the VAT you may keep this field empty.
- «certified amount», it is the **total or partial amount** certified by the 1st level controller and which refers to the related expenses of the project. When you have the right to deduct VAT the certified amount shall be net of VAT.
- «brief description of the document», description of document **according to the advised indexation rules**.
- «type of document», choose the pertinent typology in the scrolling list.
- «reference date», reference date for example for the emission of the invoice.
- «payment date», date of payment of the expense.
- «where the original is archived», location of the original or originals documents supplied in numeric format.
- «Comments on VAT», Relevant information, namely when the expenditure refers to different VAT rates.

#### **Notes:**

- The sum of certified amounts in **the section 11** plus pro rata VAT claimed in section 12 shall be **equal** to the expenditure declaration in **section 13** (plus eventual non matching funds declared in section 14).
- If a partner has the right to deduct VAT, the certified amount cannot be greater than the document including the value of VAT.
- VAT shall be declared within the section 12 only after obtaining the pro rata declaration from the tax authorities when the beneficiary organisation is dealing with this pro rata system.

#### **How to verify that the documents and the associated expenses correspond to what you intent to declare?**

## C.07 - THE PARTNER: SECTION 11 – FINANCIAL DOCUMENTS AND CORRECTIONS

At the top of the page, you can activate a button  $\Sigma$ . It will allow you to cumulate the declared and certified total amounts. You can thus verify that it corresponds globally to what you wish to declare within the execution report framework.

### How to add a new attachment?

Just click on « Add new annexe », a new line appears, by default it contains le n° of partner of the project and an identification number of the attached documents.

The screenshot shows a software interface for managing financial annexes. At the top, there are two buttons: 'Add new annexe' (with a plus sign icon) and 'Delete annexe' (with a minus sign icon). Below these are two numerical fields: 'Total amount' (538,20 €) and 'Totale certified' (450,00 €). There are also buttons for 'Help' and 'Print'.

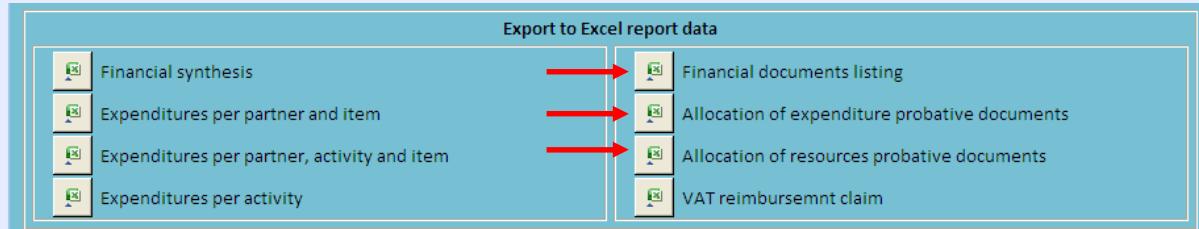

### How to remove an attachment already attached?

Choose the annex you want to remove. Click on “Delete annexe”. The system updates the numbers of the other annexes.

In the box « View and print report data »,

A screenshot of a software window titled 'View and print report data'. It contains a single button labeled 'View and print report data' with a small icon to its left.

You can edit the excel table of the list of financial documents introduced as well as the list of documents related to expenses and to resources in a specified way. **When the table appears, does a right click to save it in excel format.**

### How to relate a set of probative documents to budget lines of the budget ?

At this stage, via the section 11, you can already charge a set of probative document to expenditures define within one or several budget lines of the budget.

Clicking on “**Expenditures**”, a pop up screen appears displaying all the budget lines define for this partner within the budget for the year of payment mentioned.

Defined or eventually split a part or the total of the certified amount to the related budget lines in the column “Value allocated”.

C.07 - THE PARTNER: SECTION 11 – FINANCIAL DOCUMENTS AND CORRECTIONS

Annex		Partner	Doc N°	Value (including VAT)	VAT deductible	Certified amount	Brief description of document contents	Comments on the VAT	Expenditure
		3	1	25.000,00 €		25.000,00 €	2009 - Act 2,3 and 7 - Human Resources

Services Supply	5 - Regional Creative Tourism networks developm			
Services Supply	6 - Project handbook (train the trainers)			

## **How to do a financial correction?**

Corrections shall be made document by document. Do do you must:

- 1º Define the document type as a Financial Corrections.
- 2º Identify precisely the reference date and payment date of the document to be corrected.
- 3º Identify in the field Document.
- 4º Attach a document describing and explaining the corrections to be done.
- 5º Identify the total amount to be corrected.
- 6º Split the amount to be corrected by budgetary line.

## C.07 - THE PARTNER: SECTION 11 – FINANCIAL DOCUMENTS AND CORRECTIONS

**Exemple 1: Reduction of 2000 Euros on Human Resources in expenditures declared for activity 2 in 2009.**

Menu 11

**11. Financial annexes**  Total amount = €  Annex N° 1

Annuix	Partner	Doc N°	Value (including VAT)	VAT deductible	Certified amount	Brief description of document contents	Comments on the VAT	Expenditures
	3	1			-2.000,00 €	Correction of human resources Act 2 - 2009

Travel & Accomodation	3 - Creative Tourism Baseline Study of Partner Reg			

**Exemple 3: A document of 10000 € were wrongly defined as paid in 2009, when it was paid effectively in 2010.**

- 1º Identify for the concerned document a financial correction with the amount -10000€
- 2º Split the corrected amount by the budgetary lines to which the document where originally allocated to.
- 3º Create a new document with the corrected figures allocated to 2010.

## C.08 - THE PARTNER: SECTION 12 – VAT DECLARATION

This section 12 addresses organisations which are in a scheme of VAT called «pro rata». That means that the organisation only knows the applicable rate of VAT a posteriori.

12. VAT declarations			
Select VAT declaration		Add new VAT declaration	Help
Annexe	Partner	Pro-rata rate (%)	Brief description of document contents
	3		
Tax Year	Reference date	Document location	

Firstly, you must attach the fiscal administration documents attesting the rates which are applicable to the organisation expenses for the year given. This document is attached in the field «Attachment».

Once the fiscal year is specified, the system edits the list of all expenses declared by the partner for that particular fiscal year in the prior reports or the current one.

You should then specify the applicable rate and **then** distribute this VAT on all expenses concerned by clicking on the button «VAT distribution».

12. VAT declarations			
Select VAT declaration		Add new VAT declaration	Help
Annexe	Partner	Pro-rata rate (%)	Brief description of document contents
	1		
Tax Year	Reference date	Document location	
2009			

It is necessary:

- To precise the prorata rate, defined by the taxes administration, which must apply to those expenses,
- To define and distribute among the activities the eligible VAT regarding all the expenses declared for the specific year.

Note: Any time you change documents values or their allocation to expenditures lines you must refresh the VAT distribution.

## C.08 - THE PARTNER: SECTION 12 – VAT DECLARATION

You need **first** to fill in:

- The prorata rate (%) according to what has been defined by this year,
- Reference date, which corresponds to the date the document has been issued,
- A brief description of the document,
- The archiving document location.

Report	Expenditures probative document	VAT
1/2009	1   10/07/2009   Prestação de serviço de desenvolvimento das actividades 2,3, 5 e 6	6 000,00 €
Activity	Expenditures heading	VAT reimbursement
2 - Project Management	Human Resources	
Report	Expenditures probative document	VAT
1/2009	1   10/07/2009   Prestação de serviço de desenvolvimento das actividades 2,3, 5 e 6	6 000,00 €
Activity	Expenditures heading	VAT reimbursement
3 - Creative Tourism Baseline Study of Partner Regions	Human Resources	
Report	Expenditures probative document	VAT

5 - Regional Creative Tourism networks development	Human Resources	400,00 €

## C.08 - THE PARTNER: SECTION 12 – VAT DECLARATION

Within the example displayed, the prorata VAT rate actually applying for the amount declared for 2009 is 60%, which means that 40% of those amount remain for the partner and must be consider as payed.

It is necessary afterwood to mention in section 13 “Declaration of expenditures” the correspoding amount in the column “Declared”.

13. Declaration of expenditures		Instituto Partner 1		Escola Superior Partner 1		Record navigation		Help	
Nº 1		Portugal	Norte						
Year	Expenditure items	Obs	Approved	Cumulated	Declared	Probative documents	Explanation notes submiteted within the applica

4. Travel and accomodation	10 403,45 €								
5. Meetings and seminars	9 486,00 €								

## C.09 - THE PARTNER: SECTION 13 – DECLARATION OF EXPENDITURES

Section 13 allows you to charge expenses incurred and **paid** according to a breakdown per year, work programme activity and budget item.

At the top of the page you will find information on totals regarding:

- the approved amounts (at the time of the signature of the subsidy contract or at posterior approved alterations),
- the cumulative amounts, that is the total of certified amounts as and when execution reports were presented (till you declare expenses this column is empty),
- the declared amounts, that is the amounts declared within the present execution report framework.

These total amounts may be **viewed in absolute value or in percentage**.

13. Declaration of expenditures		Partner 3 Tiago Turismo		Gerencia de Turismo		Record navigation	Help
Nº 3		España	Galicia				
Year	Expenditure items	Obs	Approved	Cumulated	Declared	Probative documents	Explanation notes submitted within the applica
Total (€)			179 651,00 €		150,00 €	Edit	Nº Value VAT
Total (%)		Σ		100,0%	0,3%		

**IF YOU ALREADY DEFINED IT IN SECTION 11 THE RELATION BETWEEN CERTIFIED AMOUNT AND BUDGET LINES, PLEASE INTRODUCE DIRECTLY THE ALLOCATED VALUE IN THE COLUMN “DECLARED”, SEE THE END OF THIS SECTION.**

**How to insert expenditure if you DID NOT ALREADY define in section 11 to which budget lines the certified amount of a set of expenditures is related?**

Click on the symbol «file» correspond corresponding to the budget line for which you wish to insert an expense.

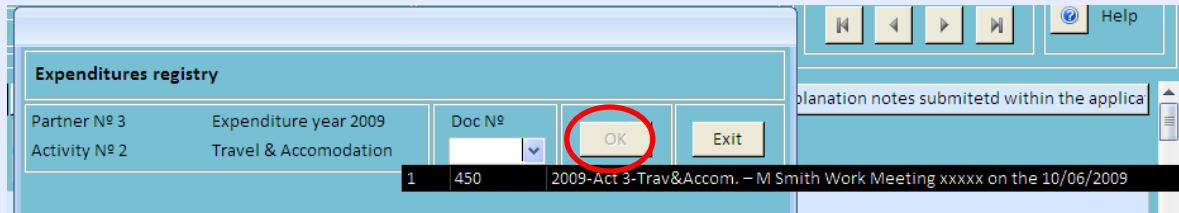

13. Declaration of expenditures		Partner 3 Tiago-Turismo		Gerencia de Turismo		Record navigation	Help

5. Meetings and seminars							
6. Promotion and disseminati							
7. Equipement		2 000,00 €				Laptop	
8. Other expenditures							

## C.09 - THE PARTNER: SECTION 13 – DECLARATION OF EXPENDITURES

A window opens and shows the list of justification documents corresponding to expenses introduced in section 11 «Financial attachments».

The indexation makes all the sense here because it allows you to spot more easily the documents associated with the expense you want to declare.

Choose the adequate document and click on «OK».

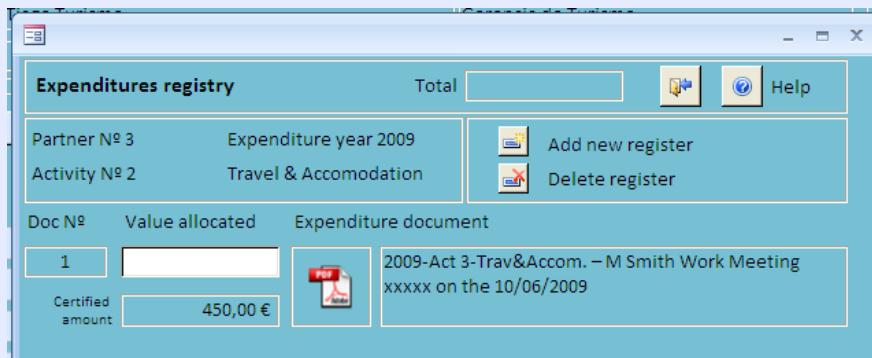

A window appears showing the document.

The certified amount for the justification document appears as a reminder.

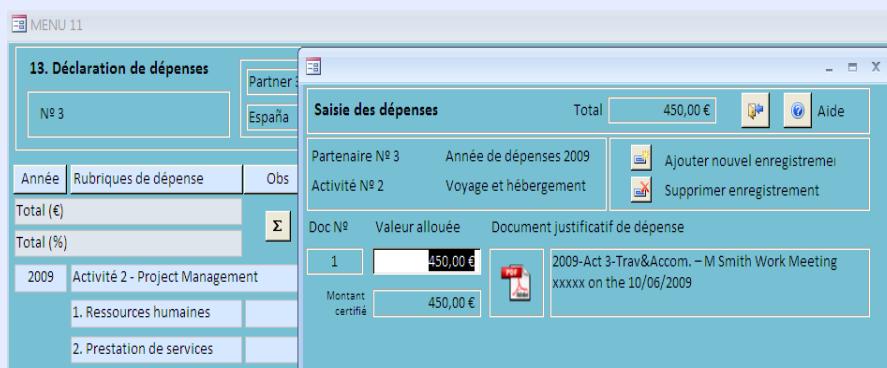

You must allocate either the total or part of the certified value of the document to the budget line you introduce,

In fact, an expense justification may be affected to various activities; it is namely the case for human resources expenses.

If for the activity and the budget line concerned you have to associate various documents, click on «Add new record»

Introduce the allocated value

Click on the cross to exit of the pop up screen. The system go back to the main screen of the section 13,

## C.09 - THE PARTNER: SECTION 13 – DECLARATION OF EXPENDITURES

**Introduce the allocated value in the box corresponding to the declared amount.**

The system indicates as a reminder :

- the number of documents you have associed to this expense,
- the corresponding global amount allocated.
- the VAT eligible declared

13. Declaration of expenditures		Partner 3 Tiago Turismo		Gerencia de Turism			
Nº 3		España	Galicia			Record navigation	Help
Total (€)		179 651,00 €				Edit	Nº
Total (%)	Σ	100,0%				Value	VAT
2009	Activity 2 - Project Management						
1. Human resources		6 000,00 €					
2. Services supply							
3. Operational costs		1 388,89 €					
4. Travel and accomodation		11 903,45 €		450,00 €		1	450,00 €
5. Meetings and seminars							
6. Promotion and disseminat							
7. Equipement		2 000,00 €					Laptop
8. Other expenditures							

**Input the amount in the specific field**

Proceed in the same way with the various expenses declared for the activities and the corresponding budget lines.

## C.09 - THE PARTNER: SECTION 13 – DECLARATION OF EXPENDITURES

### IF YOU ALREADY DEFINED IT IN SECTION 11 THE RELATION BETWEEN CERTIFIED AMOUNT AND BUDGET LINES

The amount you define in section 11 appears already.

You **MUST** in the column “Declared” fill in the same amount

Year	Expenditure items	Obs	Approved	Cumulated	Declared	Probative documents	Explanation notes submitted within the applica
Total (€)			387 720,00 €	4 400,00 €		Edit	Nº Value VAT
Total (%)				100,0%	1,1%		
2009	Activity 2 - Project Management						
	1. Human resources	30 162,00 €	2 000,00 €			1	5 000,00 €
	2. Services supply						
	3. Operational costs	1 865,44 €					
	4. Travel and accomodation	10 403,45 €					
	5. Meetings and seminars	9 486,00 €					
	6. Promotion and disseminati						
	7. Equipement	2 000,00 €					
	8. Other expenditures						
2009	Activity 3 - Creative Tourism Baseline Study of Partner Regions						
	1. Human resources	6 167,60 €				1	5 000,00 €
	2. Services supply	9 250,00 €					
	3. Operational costs	3 365,38 €					
	4. Travel and accomodation						
	5. Meetings and seminars						

**Note:** For each budgetary line, expenditures declarations plus cumulated values should not be greater than the approved amount. To declare an expenditure that goes over such limits you must ask for a budgetary amendment. However two situations may occur:

- 1 – The budgetary modifications have only implications on the time schedule of expenditures. No change is required concerning the total amount per expenditure item and partner: You may submit the expenditure declaration providing that at **a posterior** you will make a budgetary amendment request.
- 2 – The budgetary modifications have implications on the total amount approved per partner and expenditure item: You may not submit such expenditures. You must ask for a budgetary amendment before submitting the expenditures claim.

## C.10 - THE PARTNER: SECTION 14 – RESOURCES DECLARATION

Section 14 allows to charge and to distribute the resources between the different financial sources of the budget. ERDF on the one hand, according to the intervention rate for the partner in question, the other financing sources intervening in the partner's budget.

### **CAUTION :**

The total of the certified expenditures in the section 13 « Declaration of expenditures » **MUST BE EQUAL** to the amount of resources mentioned in the section 14 « Declaration of resources ». This equal amount Expenditures / Resources must also be checked for **each budgetary year**.

At the top of the page you find total on:

- the approved amounts (at the time of the signature of the subvention contract or at posterior approved modifications),
- the cumulative amounts, that is the total of certified amounts as and when execution reports were presented (till you declare expenses this column is empty),
- the declared amounts, are the amounts declared within the present execution report framework.

You need to describe in this section how the total expenses you declared in the section 13 “Declaration of expenditures” are financed.

To make it easier for you, you can edit the excel table allowing you to use the total declared amounts of expenses within this execution report, in the box «View and print report data».

[View and print report data](#)

The table «Expenses per activity» allows you to have the total amount of expenses declared within the report framework. **When the table appears, does a right click to save it in excel format.**

Once this amount is introduced, you just have to distribute this amount according to the different financing sources and the financing rate of the ERDF.

### **Export to Excel report data**

Financial synthesis

Expenditures per partner and item

Expenditures per partner, activity and item

Expenditures per activity

Financial documents listing

Allocation of expenditure probative documents

Allocation of resources probative documents

VAT reimbursement claim

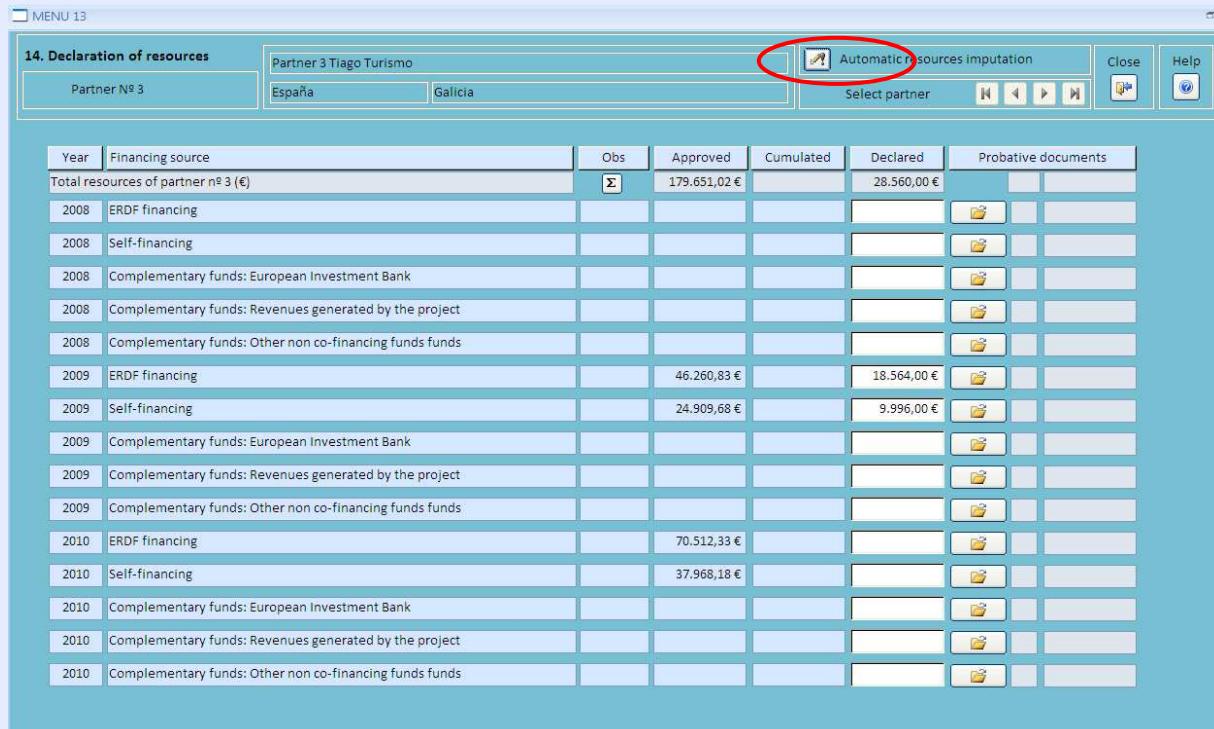

In case the partner is financed by an external financer, this appears in the list of financing sources. The partner must mention the amounts actually received or those for which he is sure to receive.

## C.10 - THE PARTNER: SECTION 14 – RESOURCES DECLARATION

### Automatic resources imputation :

You may use a functionality that provides to you the possibility of automatically distribute financing resources between ERDF and self-financing.

To use this functionality you must have no errors on expenditures declarations. To do click on Automatic resources imputation button.

The screenshot shows a software interface titled '14. Declaration of resources'. At the top, it displays 'Partner 3 Tiago Turismo', 'España', and 'Galicia'. On the right side of the header, there is a button labeled 'Automatic resources imputation' with a magnifying glass icon, which is circled in red. Below the header is a table with columns: Year, Financing source, Obs, Approved, Cumulated, Declared, and Probative documents. The table lists financial data for years 2008, 2009, and 2010, categorized by financing source (ERDF financing, Self-financing, Complementary funds: European Investment Bank, Complementary funds: Revenues generated by the project, Complementary funds: Other non co-financing funds funds) and years (2008, 2009, 2010).

Year	Financing source	Obs	Approved	Cumulated	Declared	Probative documents
Total resources of partner nº 3 (€)						
2008	ERDF financing		179.651,02 €		28.560,00 €	
2008	Self-financing					
2008	Complementary funds: European Investment Bank					
2008	Complementary funds: Revenues generated by the project					
2008	Complementary funds: Other non co-financing funds funds					
2009	ERDF financing		46.260,83 €		18.564,00 €	
2009	Self-financing		24.909,68 €		9.996,00 €	
2009	Complementary funds: European Investment Bank					
2009	Complementary funds: Revenues generated by the project					
2009	Complementary funds: Other non co-financing funds funds					
2010	ERDF financing		70.512,33 €			
2010	Self-financing		37.968,18 €			
2010	Complementary funds: European Investment Bank					
2010	Complementary funds: Revenues generated by the project					
2010	Complementary funds: Other non co-financing funds funds					

### Complementary funds :

When complementary funds are foreseen within the budget (EIB, revenues generated by the project, other complementary funds), you must click on the « folder symbol » to define which expenditures among the list are financed by those complementary funds.

This allocation of documents of expenditures is necessary in order to make clear that those expenditures already declared as cofinancing have not been accounted in the base of ERDF calculation.

## C.11 - THE PARTNER: REPORT FORM MADE AVAILABLE TO THE LEAD PARTNER

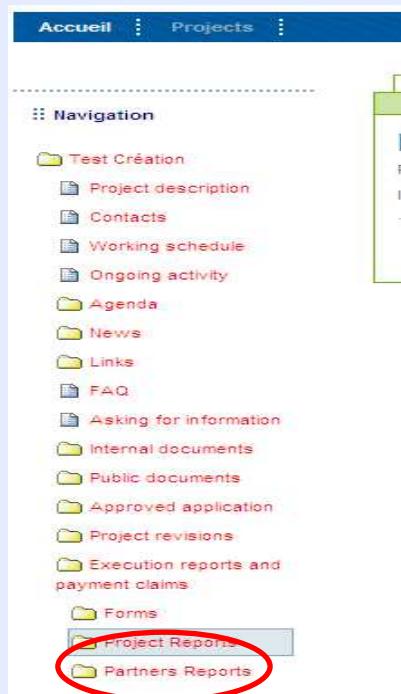

Once the report done, the partner must make it available to the Lead Partner. The Lead Partner will then **consolidate all the «sub reports»** coming from the various partners of the project.

This availability is done via the site of the programme in «project» specific section.

The partner must submit the “sub report” through the section “Execution reports and payment claims” / “Partner Reports”.

### **ADVICE**

**It is necessary, to speed up the download of the file for the partners, to zip the file.**

The Lead Partner will then upload this “sub report”, in order to include it the global project report.

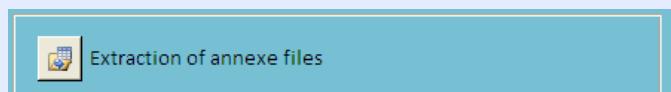

## C.12 - THE PARTNER: OTHER FUNCTIONS FACILITATING THE ELABORATION OF THE REPORT

The form for the execution report has a certain number of Functions allowing :

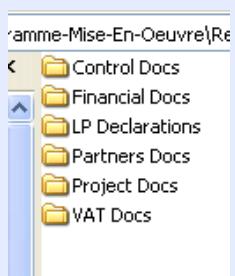

- to extract the annexes of all documents inserted and use them as files,
- to detect certain errors or inconsistencies when introducing the data and be able to correct them before making the report available to the Lead Partner,
- to use the excel files of the various information introduced,
- to print the help,
- to use a PDF version of the clean form.

### Extraction of attached files

The extraction automatically creates lists of files of attached documents.

## C.12 - THE PARTNER: OTHER FUNCTIONS FACILITATING THE ELABORATION OF THE REPORT

### Detection of errors

Error detection

The system shows if errors have been detected and allows you to edit and correct them.

Validation errors were found!

Print validation errors

Back to the main menu

### View and print report data

View and print report data

Three types of information are shown here :

- the view and print of various sections completed, (one click on the right allows to print them or to save them in PDF or RTF version),
- export to excel data introduced in the report,
- edit standard declarations which may be used by the controller at a 1st level, or the national authorities in charge of the supervision of the control at a 1st level.

#### View and print the various sections of the report.

Tick the button Print all report to print the whole reporter

**View and print report data**

**Print report data**

<input type="checkbox"/> Print all report	<input type="checkbox"/> Control of partners activities
<input type="checkbox"/> Report identification	<input type="checkbox"/> Work plan reporting

## C.12 - THE PARTNER: OTHER FUNCTIONS FACILITATING THE ELABORATION OF THE REPORT

Export to excel the data introduced in the report

When the table appears, does a right click to save it in excel format.

Export to Excel report data	
Financial synthesis	Financial documents listing
Expenditures per partner and item	Allocation of expenditure probative documents
Expenditures per partner, activity and item	Allocation of resources probative documents
Expenditures per activity	VAT reimbursement claim

### Edit standard declarations

It is possible:

- to edit the standard documents, in this case you need to mention the Member State for which you want to edit it,
- to print the document filled in with the data you imputed of the report.

Report statements	
Print Desk Control Statement	Desk Control Statement Model
Print On-Spot Control Statement	On-Spot Control Statement Model
Print Control Procedures Supervision Statement	Control Procedures Supervision Statement Model
Generate Listing of Documents Controlled	Model of Listing of Documents Controlled
Print Advancement Claim Statement	Advancement Claim Statement Model
Print Interim Report Statement	Interim Report Statement Model
Print Final Report Statement	Final Report Statement Model
Print Project Starting up Statement	Project Starting up Statement Model
Back to the main menu	

Once the documentation has been printed, you send it to the relevant authorities (First level controller, National Correspondent,...) for signature of the hard copy. You prepare the PDF versions and enclosed them in the corresponding section 8 of the report form.

## **D - THE EXECUTION REPORT FOR THE LEAD PARTNER: TASKS TO BE DONE AT A PROJECT LEVEL**

## D.01 - THE LEAD PARTNER: SECTIONS TO BE COMPLETED – SECTION 1: REPORT IDENTIFICATION

In addition to the elements provided in the section B.01, the Lead Partner, after reception of the “sub report” from each partner, must conclude the filling in of the section with the following information:

- the **request ERDF**, that is distribution of ERDF requested for each partner, to make it **easier**, once the import of the « sub reports » of each partner is done, edit the excel table « Financial Synthesis », an it will give you automatically the requested ERDF for each partner,

- the **declaration of beginning of project**, contractually this must be done within the three month after signing the contract. If this information has already been sent, just send the copy of the sent PDF file.

If you do not sent it yet, a form « Project starting up statement» is a your disposal in the section « View and print report data» / « Declarations concerning the report ».

- the **declaration of activity and expenses claim** according to the type of report:

- Advancement Claim Statement
- Declaration of Execution and Reimbursement Claim
- Declaration for Closure and Final Reimbursement Claim

**Note:** It is possible to issue those declarations through the section « View and print report data» / « Declarations concerning the report ».

The screenshot shows the 'Report identification' section of a web-based reporting tool. The form is primarily light blue with white input fields. At the top right, there is a 'Help' button and a 'ERDF claim' checkbox, which is circled in red. Below this, there's a table for managing partners (1 to 5) with columns for 'Partner', 'Withdraw', and 'ERDF'. The 'ERDF' column contains checkboxes. In the main form area, there are several sections: 'Priority' (with numbered items 1 and 3), 'Objective' (with numbered item 3), 'Title' (set to 'Demonstration'), language settings for working and official documents, and report details like 'Report n°' (2), 'Report date', 'Report type' (Interim report), and 'Payment claim'. Under 'Project starting up statement' and 'Activity statement and reimbursement claim', there are 'Starting date', 'Annexe', and 'Brief description of document contents' fields, each followed by a 'Document location' field, both of which are circled in red. At the bottom, there are sections for 'Publications issued', 'Internal transnational meetings organized by the partnership', 'Transnational events organized by the project', and a large 'General information concerning the present report' area.

## D.01 - THE LEAD PARTNER: SECTIONS TO BE COMPLETED – SECTION 1: REPORT IDENTIFICATION

The number of project's **publications** corresponds to:  
studies, interim or final reports, articles on the general or specialized press, newsletters, handbooks, guides and catalogues

Regarding the **meetings** you must take into account only the meeting having a transnational dimension.

Regarding the **events**, they correspond to:  
seminars, conferences, training sessions, information workshops having a transnational dimension and addressing participants outside the project partnership.

**Put a 0 in case of no realization at all**

**General information regarding the report Limited to 20 000 characters**

It is also possible to provide here any other relevant information regarding the report.

Note:

Apart from this section 1, the lead partner is the only one who fills in certain sections related to the project / operation globally more specifically the following one:

- Global performance,
- Management of the operation,
- Operation attachments,
- Work plan report,
- Communication Plan,
- Audit indicators.

## D.02 - THE LEAD PARTNER: SECTIONS TO BE COMPLETED – SECTION 3 : GLOBAL PERFORMANCE

The Lead Partner must give information on the implementation of the project globally.

On the right, the text corresponds to the application approved or to previously approved alterations.

### 3.1 Main contributions reached within the Atlantic Area Programme within the period of time to which the Report refers. **Limited to 10 000 characters**

For the period of time of the execution report, you must indicate the contributions that the project made to the Programme.

<b>3. Global performance</b>  3.1 - Main contributions to the Atlantic Area Programme achieved in the reporting period	 Help  Expected contributions to the Atlantic Area Programme approved The project will contribute to the wider programme objectives in the following ways: <ul style="list-style-type: none"><li>• By developing an innovative network for the development of creative tourism, which will help to support entrepreneurial activity.</li><li>• By developing knowledge transfer between different sectors through a mixed partnership structure and the involvement of a wide range stakeholders in the tourism and creative sectors.</li><li>• By developing creative tourism as a niche of excellence for the</li></ul>
--	---

### 3.2 Aspects of the implementation methodology reached during the period of time to which the report refers.

For the period of time to which the execution report refers and in relation to the implementation methodology described in the approved application, you must indicate which elements of this methodology were implemented.

**Limited to 10 000 characters**

3.2 - Implementation methodology aspects attained in the reporting period	Implementation methodology approved  The implementation methodology for the project rests on a number of key elements which will provide an effective flow of information to and from project partners to enable the project conduct the necessary actions in a timely manner. The basic elements are resource and demand audits, information packages, training and demonstrations and dissemination (see also Gantt chart appended in annex for details of timing).  Audit of creative resources and stakeholders; database of creative producers in each region (W/B)  This is designed to assess the baseline conditions in each region as the
---	--

### 3.3 Tangible Components and results achieved during the period of time to which the report refers.

For the period of time to which the execution report refers and in relation to what the prediction for these aspects was in the approved application, you must indicate results in progress or achieved and highlight their tangible character. **Limited to 10 000 characters**

3.3 - Project tangibility and results achieved in the reporting period	Tangibility components and expected results approved  In this project the focus is most clearly on developing engaging experiences for the new consumer, but the demonstration projects will also cover other points, such as conserving traditional skills, increasing the sustainability of local creative businesses or contributing to the identity of the region. Each regional partner will cover more than one of these aspects.  In addition to 'developing innovative creative tourism experiences which are distinctive of their regions of origin', which is the basic aim of the project, other key results will include: <ul style="list-style-type: none"><li>• Identifying the creative skills which can be harnessed to</li></ul>
--	---

## D.02 - THE LEAD PARTNER: SECTIONS TO BE COMPLETED – SECTION 3 : GLOBAL PERFORMANCE

### 3.4 Components of sustainability and transfer of results achieved during the period of time to which the report refers.

For the period of time to which the execution report refers and in relation to what the prediction for these aspects was in the approved application, you must indicate the transfers of results in progress or achieved as well as the elements contributing to the durability of these results and to the project globally.

**Limited to 10 000 characters**

3.4 - Project sustainability and results transfer achieved in the reporting period	Sustainability components and results transfer approved The strategy for results transfer is basically twofold:  1) The downstream results transfer will implicate partners and organisations in the target regions themselves.  2) The upstream results transfer will involve organisations beyond the immediate regional context of the project to ensure that other parts of the Atlantic Area and the EU as a whole benefit from the project.  In terms of the downstream results transfer, the project will establish an information cascade emanating from the lead partners in each region. As the project partners are mainly regional authorities or
--	--

### 3.5 Innovative Components of the project achieved during the period of time to which the report refers.

For the period of time to which the execution report refers and in relation to what the prediction for these aspects was in the approved application, you must indicate what innovative elements were achieved when implementing the project. These innovative aspects must be contextualised in relation to the state of the art in the le sector or theme of the project.

**Limited to 10 000 characters**

3.5 - Innovative aspects of the project achieved in the reporting period	Innovative components of the project approved The main innovative aspect of the project is the development of creative tourism, which is a new form of tourism that has the potential to generate innovation in both the tourism and cultural fields. Although cultural tourism is an established market which has grown considerably in recent years (also through the development of many regional EU projects), there are increasing signs that consumers are demanding more engaging, active and authentic cultural experiences. This trend has been recognised in the growth of 'creative tourism', first identified by Richards and Raymond (2001) and subsequently developed through the work of Richards and Wilson (2006, 2007). They have identified a number of ways in which creativity can be injected into tourism experiences, including the development of
--	---

## D.03 - THE LEAD PARTNER: SECTIONS TO BE COMPLETED – SECTION 4 : MANAGEMENT OF THE OPERATION

The lead partner must provide, in this section 4, information on the internal management of the project globally.

### **4.1 Management and coordination activities carried out during the period of time to which the report refers.**

For the period of time to which the execution report refers and in relation to what the prediction for these aspects was in the approved application, indicate what was done in relation to management and coordination of the project.

**Limited to 10 000 characters**

4.1 - Management and coordination activities organized in the reporting period

### **4.2 Audit and evaluation activities organised during the period of time to which the report refers.**

For the period of time to which the execution report refers and in relation to what the prediction for these aspects was in the approved application, indicate what was done in relation to the monitoring and evaluation of the project.

**Limited to 10 000 characters**

4.2 - Monitoring and evaluation activities organized in the reporting period

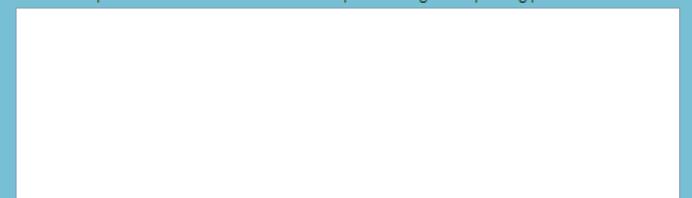

### **4.3 Main problems and solutions found during the period of time to which the report refers.**

For the period of time to which the execution report refers, indicate the main problems found either in internal management, implementation of the work plan or other subject. Indicate solutions put into practice or in progress as well as the resolution deadlines.

**Limited to 10 000 characters**

4.3 - Main problems found and solutions adopted during the reporting period

## D.03 - THE LEAD PARTNER: SECTIONS TO BE COMPLETED – SECTION 4 : MANAGEMENT OF THE OPERATION

### 4.4 Main impact of alterations of the project during the period of time to which the report refers.

For the period of time to which the execution report refers, indicate the alterations required and approved, remind briefly the motif of those requests and the impact these alterations on the present implementation of the project.

Indicate also if you foresee of alterations in the next few months. This information does not excuse you from making a formal request of alterations when the time comes.

**Limited to 10 000 characters**

4.4 - Majors impacts of eventual project revisions during the reporting period

### 4.5 General observations concerning the management during the period of time to which the report refers.

For the period of time to which the execution report refers, mention all the observations regarding the project management, you find pertinent and that you could not refer to in the previous headings.

**Limited to 10 000 characters**

4.5 - General management observations related to the reporting period

## D.04 - THE LEAD PARTNER: SECTIONS TO BE COMPLETED – SECTION 5 : OPERATION ATTACHMENTS

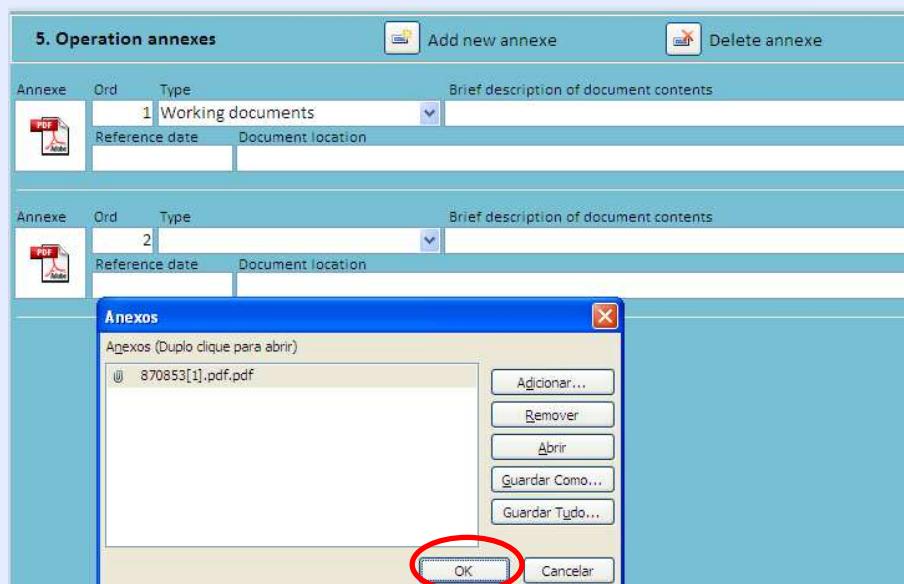

Section 5 allows the Lead Partner to attach (**in PDF format**), the pertinent documents or extracts of documents concerning the implemented activities which have led to the production of documents.

**For each document annexed you must:**

- choose the type of document within the proposed typology,
- do a brief summary of the content,
- indicate the reference date of the document (very often the production date),
- indicate where the original is saved.

**How to attach a document?**

- double click on « Annexe », a dialogue box appears, click on « Add » to access your documents and choose the document to attach.
- choose the document and press « OK ».

**How to add a new attachment?**

Just click on « Add new annexe », a new line appears, by default it contains le nº of partner of the project and an identification number of the attached documents.

**How to remove an attachment already attached?**

Choice the annexe you want to remove. Click on "Delete annexe". The system updates the numbers of the other annexes.

## D.05 - THE LEAD PARTNER: SECTIONS TO BE COMPLETED – SECTION 9 : REPORT ON THE WORK PLAN

Section 9 allows the lead partner to present what was done during the period of time to which the execution report refers in relation to the work plan approved.

The presentation is done by activity and contains 9 headings to be completed.

### 9.1 Implementation indicators of the activity

You must specify the formal elements of the relevant activity.

- Date of the beginning and the end of the activity.
- Amount attributed to the activity
- Percentage of **physical** implementation. **WATCH OUT**, it is an **estimate** of the physical implementation of the relevant activity and not the financial rates of implementation.

To make it **easier**, once all «execution sub reports» of the partners have been imported, you can edit the excel table « Expenditures per activity » in «View and print report data».

You will obtain, for a particular activity, the global amount allocated for all the partners participating to this activity.

You **must** filled in the “start date” and the “end date” **ONLY** when you effectively started or finished the activity during the period covered by the current report. While you don’t start yet the activity keep the start date field in blank. If you don’t finished the activity keep the end date field in blank.

#### 9.1 - Execution indicators of activity n° 1

Execution dates	Programmed dates	Activity budget	Physical achievement
Start date <input type="text"/> End date <input type="text"/>	Start date <input type="text" value="01/01/2008"/> End date <input type="text" value="26/06/2008"/>	Amount allocated to activity in the reporting period <input type="text"/> Programmed <input type="text" value="15 000,00 €"/>	% in the period <input type="text"/> Cumulated <input type="text"/> Cumulated % <input type="text"/>

### 9.2 Partners involved in the activity

The nature of the partners’ involvement in the activity (Responsible for the activity, simple participant or suspension of participation of a partner initially envisaged in this activity).

If necessary you can write an observation concerning the involvement of particular partners.

If the partner is not participating anymore to this activity as it was initially planned the corresponding box “**Del**” is ticked.

Please remind that the withdrawal of a partner from an activity must be requested previously through a modification claim.

When the partner, for the period covered by the report, has participated as plan to the activity you need to click “**Part**”.

**Do not forget** to specify which partner is **RESPONSIBLE** for the activity implementation, ticking the box “**Resp**”

In the section Observation “Obs”, please mention for example information regarding the reasons why a partner supposed to participate to an activity didn’t effectively done it up to now.

## D.05 - THE LEAD PARTNER: SECTIONS TO BE COMPLETED – SECTION 9 : REPORT ON THE WORK PLAN

Limited to 255 characters

### 9.2 - Partners involved on activity n° 1

2	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

### 9.3 Objectives of the activity

For the period of time to which the execution report refers and in relation to what was envisaged for this activity in the approved application, indicate the objectives achieved during the period of time to which the execution report refers.

Limited to 1 000 characters

#### 9.3 - Objectives of activity n° 1

Activity objectives achieved in the reporting period	Activity objectives programmed
<input type="text"/>	To develop a comprehensive application following the guidelines for applicants and involving all partners in bid preparation.

### 9.4 Actions of the activity

Each activity is composed of several actions. For the period of time to which the execution report refers and in relation to what was envisaged for the action or actions of this activity in the approved application, indicate the objectives achieved during the period of time to which the execution report refers for the different actions of this activity.

Limited to 1 000 characters

You have to estimate a percentage of **physical** implementation for each action.

**WATCH OUT**, it is an **estimate** of the physical implementation of the actions of the activity.

#### 9.4 - Actions of activity n° 1

Action N° 1	Select action	<input type="button"/> <input type="button"/> <input type="button"/> <input type="button"/>	% of execution in the period	<input type="text"/>	% of execution cumulated %	<input type="text"/>	On-going action
Actions objectives achieved in the reporting period	Actions objectives programmed	<input type="text"/> <input type="button"/> <input type="button"/> <input type="button"/>					
Complete application form							

## D.05 - THE LEAD PARTNER: SECTIONS TO BE COMPLETED – SECTION 9 : REPORT ON THE WORK PLAN

### 9.5 Responsibility of partners in the activity

For the period of time to which the execution report refers and in relation to what was envisaged for this activity in the approved application, indicate the role/roles taken by the partners involved as responsible partners or simple participants.

**Limited to 1 000 characters**

#### 9.5 - Partners responsibilities on activity n°1

Partners roles developed in the reporting period	Partners responsibilities programmed
	Lead partner - bid preparation Other partners - advice and input of skills and knowledge where appropriate

### 9.6 Expected results in the activity

For the period of time to which the execution report refers and in relation to what was envisaged for this activity in the approved application, indicate which of the expected results or foreseen were achieved.

**Limited to 1 000 characters**

#### 9.6 - Expected results on activity n°1

Expected results achieved in the reporting period	Expected results programmed
	Completed project application

### 9.7 Audit indicators in the activity

The audit indicators chosen to evaluate the good progress of the activity; they are, a priori, different from those used in section 15 which are pre determined within the programme framework.

For the period of time to which the execution report refers and in relation to what was envisaged, in terms of audit indicators, for this activity in the approved application, indicate how there were collected, how their measure ensured an audit of this activity.

**Limited to 1 000 characters**

#### 9.7 - Follow-up indicators on activity n°1

Follow-up indicators results in the reporting period	Follow-up indicators programmed
	none

### 9.8 Communication action in the activity.

For the period of time to which the execution report refers and in relation to what was envisaged, in terms of communication, for this activity in the approved application, indicate what has been achieved in reality.

**Limited to 1 000 characters**

#### 9.8- Communication actions on activity n°1

Communication actions developed in the reporting period	Communication activities programmed
	Regular contact with all project partners

## D.05 - THE LEAD PARTNER: SECTIONS TO BE COMPLETED – SECTION 9 : REPORT ON THE WORK PLAN

### 9.9 Documents work and publications of the activity.

For the period of time to which the execution report refers indicate the documents, manuals and publications produced within this activity framework.

**Limited to 10 000 characters**

9.9 - Working documents and publications of activity n° 1

Identification and description of documents, manuals and other publications related to the activity produced in the reporting period

## D.06 - THE LEAD PARTNER: SECTIONS TO BE COMPLETED – SECTION 10: REPORT ON THE COMMUNICATION PLAN

Section 10 allows the Lead Partner to present what was implemented during For the period of time to which the execution report refers in relation to the communication plan approved.

The presentation is done by activity and comprises **6 headings** to be completed.

### 10.1 Implementation indicators of the communication activity

You must specify the formal elements of the relevant communication activity.

- Date of the beginning and the end fin of the activity.
- Amount attributed to the activity
- Percentage of **physical** implementation. **WATCH OUT**, it is an **estimate** of the physical implementation of the relevant communication activity and not the financial rates of implementation.

10. Plan de communication		Sélectionner une activité	Aide
Activité N°1	Coordination and harmonisation of project outputs - based on media releases, newsletters, marketing		
10.1 - Indicateurs d'exécution			
Dates d'exécution	Dates programmées	Budget de l'activité	% d'exécution
Date de début <input type="text"/>	Date de clôture <input type="text"/>	Date de début 01/01/2009	Date de clôture 31/12/2010
Valeur allouée à l'activité dans la période de rapport	Programmée <input type="text"/>	Cumulée 110 000,00 €	% dans la période <input type="text"/>
			% cumulée <input type="text"/>

### 10.2 Public aim

For the period of time to which the execution report refers and in relation to what was envisaged in relation to the public aim or aims indicate if they were aimed by the communication activity, in which proportion and in modalities initially envisaged. **Limited to 1 000 characters**

10.2 - Public cible	
Couverture du public cible assurée dans la période de rapport	Publique cible programmé Project stakeholders (includes creative producers, international agencies, national regional and local authorities); consumers, local residents and international media, tour operators, national tourism authorities

### 10.3 Description of the implemented actions within the communication activity framework

For the period of time to which the execution report refers and in relation to what was envisaged in relation this communication activity, describe what was implemented in effect, specify the divergences between what was initially foreseen and was done in reality. **Limited to 1 000 characters**

10.3 - Description des actions mises en oeuvre dans le cadre de l'activité	
Actions de communication développées dans la périod de rapport	Actions de communication programmées <div>Authoring and production of project outputs; publication, marketing and dissemination; Produce and publish media releases in different languages; Publicity materials in different languages; dissemination of marketing materials</div>

## D.06 - THE LEAD PARTNER: SECTIONS TO BE COMPLETED – SECTION 10: REPORT ON THE COMMUNICATION PLAN

### 10.4 Partner responsible of the activity and partners sole participant

For the period of time to which the execution report refers and in relation to what was envisaged in relation this communication activity, indicate the roles taken by the partners involved in this communication activity. Specify the adjustments done if any by the report to what was initially foreseen. **Limited to 1 000 characters**

10.4 - Partenaire responsable de l'activité et partenaires impliqués	
Rôles des partenaires exécutés pendant la période de rapport	Responsabilités des partenaires programmées To feed in information and outputs from the regional creative tourism demonstration projects and provide support to lead partner in marketing and dissemination tasks

### 10.5 Monitoring indicators

The audit indicators chosen to evaluate the good progress of the communication activity, they are, a priori, different from those used in section 15 which are pre determined within the programme framework.

For the period of time to which the execution report refers and in relation to what was envisaged in terms of audit indicators for this communication activity in the approved application, indicate how they were collected, how their measure ensured an audit of this activity. **Limited to 1 000 characters**

10.5 - Indicateurs de suivi	
Résultats des indicateurs de suivi dans la période de rapport	Indicateurs de suivi programmés Integration of communication outputs, considerable regional, national and international dissemination; international take-up of the Atlantic Creative Tourism brand and product as well as the project

### 10.6 Documents and events

For the period of time to which the execution report refers, indicate the documents and communication events, which were produced or organised within this communication activity. **Limited to 10 000 characters**

10.6 - Documents et événements de communication	
Identification et description de documents, publications, séminaires et autres initiatives de communication organisés dans la période de rapport	

## D.07 - THE LEAD PARTNER: SECTIONS TO BE COMPLETED – SECTION 15 :MONITORING INDICATORS

This section 15 corresponds to the indicators defined by the programme transmitted as defined initially in the approved application.

the indicators are divided into two big categories :

**The performance indicators:** refer to the implemented activities and their effects translated into quantifiable physical productions.

**The results' indicators:** refer to the immediate effects of the actions of the project on the beneficiaries of the actions.

**According to its nature, indicators are quantified with two kinds of measures:**

- **Cumulative:** the declared values correspond to partial results attained in the report period; such values are cumulatively **aggregated** to the values declared on previous periods. This kind of quantification applies for indicators 14 to 31.
- **Global:** the declared values correspond to the “state” attained in the report period; such values **substitute** the values declared on previous periods. This kind of quantification applies to indicators 1 to 13 and 32 to 78. (Example: website visits per month average)

For each series of indicators there are 3 columns: approved, cumulative (as and when reports are presented), declared which correspond to the period of time to which the execution report refers.

### Composition of the partnership

Lists the types of organisations in the partnership. Those indicators are blocked on the base of the approval of the project.

15. Monitoring Indicators		Record navigation	Help		
Type	Group of indicators				
Output	Partnership composition	Target			
Probative evidences of values declared					
Please, classify the organisations members of the partnership according to the following typology					
Nº	Indicator	Unity	Approved	Cumulated	Declared
1	National authorities	Number			
2	Regional authorities	Number	1		1
3	Local authorities	Number			
4	Public agencies	Number	1		1
5	Public enterprises	Number			
6	Universities and research centers	Number	2		2
7	Education and training centers	Number			
8	Cross-border or transnational bodies	Number			
9	Not for profit organizations	Number	1		1
10	Private enterprises	Number			

## D.07 - THE LEAD PARTNER: SECTIONS TO BE COMPLETED – SECTION 15 :MONITORING INDICATORS

### Full-time work created by the project

Indicate, for the period of time to which the report refers, the jobs (full-time) that the project created.

Briefly justify the values declared. **Limited to 3 000 characters**

15. Monitoring indicators		Record navigation		Help
Type	Group of indicators			
Output	Full-time equivalent jobs created within the project	Target		
Probative evidences of values declared				
Please, sort out by gender the full-time equivalent jobs created, up to now, within the project				
Nº	Indicator	Unity	Approuved	Cumulated
11	Filled by women	Number	6	
12	Filled by men	Number	4	

### Project investments

Indicate, for the period of time to which the report refers, the level of investment that the project have made. The project investment includes cofinancing expenditures as well as non matching expenditures directly made within the project.

Briefly justify the values declared. **Limited to 3 000 characters**

15. Monitoring indicators		Record navigation		Help

Results	Project audience (entities interested on project results)	Target	
Probative evidences of values declared			

Mention and distribute the number of organisations interested, up to now, by the project's results, according to the categories displayed

Nº	Indicator	Unity	Approuved	Cumulated	Declared
64	National economy administrations potentially interested in the project results	Number	4		
65	National transport administrations potentially interested in the project results	Number	4		
66	National environment administrations potentially interested in the project results	Number	0		
67	National research administrations potentially interested in the project results	Number	4		
68	National energy administrations potentially interested in the project results	Number	0		
69	National tourism administrations potentially interested in the project results	Number	4		
70	National culture administrations potentially interested in the project results	Number	4		
71	National education administrations potentially interested in the project results	Number	4		
72	Regional authorities potentially interested in the project results	Number	4		
73	Urban local authorities potentially interested in the project results	Number	10		
74	Rural local authorities potentially interested in the project results	Number	20		
75	Research and education centres potentially interested in the project results	Number	20		
76	Not for profit organizations potentially interested in the project results	Number	20		
77	Private enterprises potentially interested in the project results	Number	10		

### Project perpetuation

At **Final report stage**, indicate the intention of the project to carry on these activities following the financial support of the project.

Briefly justify the values declared. **Limited to 3 000 characters**

15. Monitoring indicators		Record navigation	
Type	Group of indicators		
Results	Project perpetuation	Target	
Probative evidences of values declared			

Mention if, up to now, there are evidences intentions addressed to the continuation of the project over its lifespan

Nº	Indicator	Unity	Approuved	Cumulated	Declared
78	Intention to carry on activities after the project completion	Yes=1 and No=0	1		

## **E - THE FIRST LEVEL CONTROL PROCESS: HOW TO DEAL WITH IT USING THE PCC?**

## E.01 - GENERAL ORGANISATION OF THE FIRST LEVEL CONTROL AT THE PROGRAMME LEVEL

Within the Atlantic Area programme the first level control is almost **decentralised, except** for Ireland and Northern Ireland.

For Ireland a national authority is dealing with the first level control. For Northern Ireland the Special European Union Programme Body (SEUPB) is in charge of it.

For all the partners from the other countries or regions, they need to contract an **external auditor** according to requirements defined by each National Authority and **validated** by each one.

**General scheme of the First Level control**

## E.02 - HOW THE PARTNER MAKES AVAILABLE THE EXECUTION REPORT TO THE FIRST LEVEL CONTROLLER?

Once the partner has filled in the information:

- regarding activities implemented during the period covered and,
- the financial data corresponding to the same or previous period,

It is necessary to send the execution report to the first level controller or the national body acting as first level controller (Ireland, Northern Ireland).

The Programme's Platform for Collaborative Communication allows each partner, among other actions, to make their own Execution report and Request for Reimbursement available to their financial controller (external first level controller or "centralized" controller in the case of Ireland and Northern Ireland).

This facility undoubtedly helps to handle smoothly the process of certification of expenditures. This is possible through the creation and assignment of permissions by the Partner to his controller.

The steps are as follows:

### **First step**

The **Lead Partner** must **register the financial controller of each partner** choosing "**Add member**". This step gives the controller access to the "Projects" section of the website (**only Lead partners project could give this access**).

The screenshot shows a web interface for managing projects. At the top, there are language selection icons (Spanish, French, German, Italian, English) and a search bar. The top navigation bar includes links for 'Home' and 'Projects'. On the far right, there are user profile icons for 'PA1 User' and 'Log out'. Below the top bar, a breadcrumb trail indicates the current location: 'You are here: Home > Project Area > Project Test'. The main content area features a green header bar with 'Contents', 'View', and 'Edit' buttons. The main content area displays the title 'Project Test' and a note that it is under construction. It also shows a 'Project Details' section and a 'History' section. To the right of the main content, there is a sidebar with a 'MENU' section. The 'MENU' section contains three items: 'Add member' (which is circled in red), 'Manage Members', and 'Project description'. The bottom of the sidebar has a light gray footer area.

## E.02 - HOW THE PARTNER MAKES AVAILABLE THE EXECUTION REPORT TO THE FIRST LEVEL CONTROLLER?

The Lead Partner must fill in the **registration form** with the name, user name and e-mail address of the financial controller. The financial controller will receive an e-mail with a link to choose a password. Note that the controller needs to know his/her username, ask him/her to choose one before the registration or tell him/her the username you chose.

Personal Details

**Full Name**  
Enter full name, eg. John Smith.  
Controller

**User Name** ■  
Enter a user name, usually something like 'jsmith'. No spaces or special characters. Usernames and passwords are case sensitive, make sure the caps lock key is not enabled. This is the name used to log in.  
Controller1

**E-mail** ■  
Enter an email address. This is necessary in case the password is lost. We respect your privacy, and will not give the address away to any third parties or expose it anywhere.  
controller@controller

A URL will be generated and e-mailed to you; follow the link to reach a page where you can change your password and complete the registration process.

Register

Once the controller has been registered, the **Lead Partner must add him/her to the “PPL\_NonMembers\_<Project>” group.**

**First** the Lead Partner chooses the “**Manage Members**” option, and then **searches** the “**Full name**” of Financial Controller.

**Navigation**

## E.02 - HOW THE PARTNER MAKES AVAILABLE THE EXECUTION REPORT TO THE FIRST LEVEL CONTROLLER?

**For Ireland and Northern Ireland**, the “centralized” controller is already registered in the “Projects” section of the website. The controllers names are:

- Joe Flynn (for Ireland)
- Helen Clarke (for Northern Ireland)

The Lead Partner must add him/her to the “PPL\_NonMembers\_ <Project>” group.

**Secondly**, the Lead Partner adds it to the group “PPL\_NonMembers\_ <Project>”,

Clicks in “Apply changes” 3

“Save Changes”. 4

After the step 4, the Controller is now a “PPL\_NonMember\_Project”.

As a member of “PPL\_NonMembers\_ <Project>” group, the controller can view all **the project folders except the sections**: “Internal documents”, “Project revisions”, “Blank forms”, “Project reports”, “Partners reports” and “Exchanges with MA\_JTS\_Nat.Corresp.”

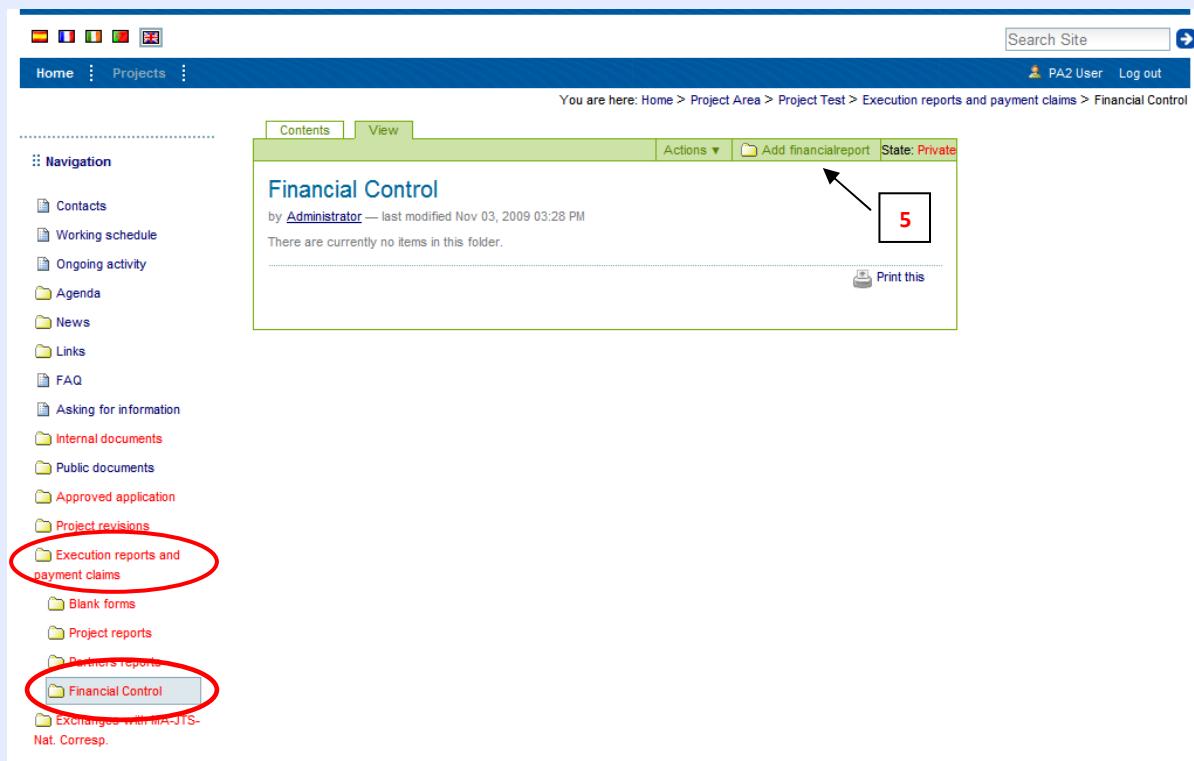

Once this process is done by the Lead Partner, a specific **partner** is in capacity to give access to his **own controller** to the specific file regarding his expenditures.

**It is only the Partner that can give this specific access.**

## E.02 - HOW THE PARTNER MAKES AVAILABLE THE EXECUTION REPORT TO THE FIRST LEVEL CONTROLLER?

### Second step

The **Partner** creates a specific folder in the **Execution reports and payment claims section / Financial Control folder**, through the option "Add financialreport"  

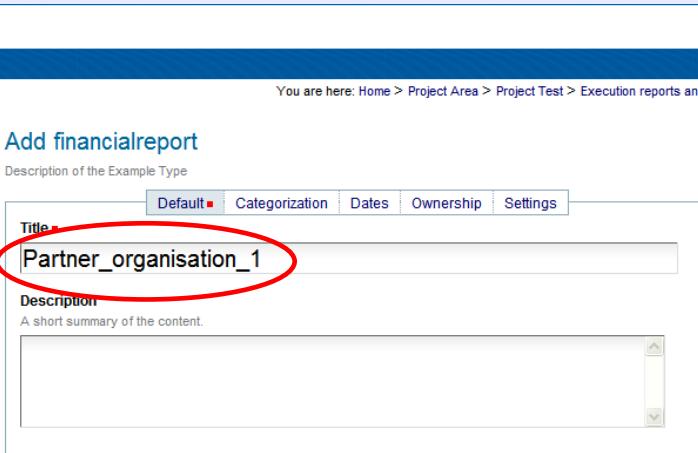

You are here: Home > Project Area > Project Test > Execution reports and payment claims > Financial Control

Actions ▾ Add financialreport State: Private

Print this

5

To be as clear as possible, please give to this folder the **name of organisation partner** of the project.

## E.02 - HOW THE PARTNER MAKES AVAILABLE THE EXECUTION REPORT TO THE FIRST LEVEL CONTROLLER?

The screenshot shows a web interface for managing project documents. On the left, there's a navigation sidebar with various project-related links. In the center, a main content area displays a folder named 'Partner\_organisation\_1'. This folder has a green border and contains a message saying 'Changes saved.' Below the folder name, it says 'by PA2 User — last modified Dec 15, 2009 08:14 PM' and 'There are currently no items in this folder.' At the bottom right of the folder area, there's a 'Print this' button. Above the folder, there's a toolbar with buttons for 'Contents', 'View', 'Edit', 'Upload', 'Actions', 'Display', 'Add new...', and 'State: private'. The 'Add new...' button is also circled in red.

To upload your Execution report and the Request for reimbursement, in the folder previously created, the partner must click in “Add new” and choose “File”.

This screenshot shows the same web interface as the previous one, but with a different focus. The 'Add new...' button in the toolbar above the folder is now highlighted with a red circle. The rest of the interface remains the same, showing the 'Partner\_organisation\_1' folder with its details and the 'Add new...' menu option.

## E.02 - HOW THE PARTNER MAKES AVAILABLE THE EXECUTION REPORT TO THE FIRST LEVEL CONTROLLER?

Insert the title and upload the file.

## E.02 - HOW THE PARTNER MAKES AVAILABLE THE EXECUTION REPORT TO THE FIRST LEVEL CONTROLLER?

In order to give the permission to his **own financial Controller** to access the folder created, the Partner (step 5), must click **within the folder** ("Partner Organisation 1" in this example) and choose in the right menu "Add financial controller". 6

The screenshot shows a web interface for managing project documents. On the left, there's a navigation sidebar with various categories like Contacts, Working schedule, Ongoing activity, Agenda, News, Links, FAQ, Asking for information, Internal documents, Public documents, Approved application, Project revisions, Execution reports and payment claims, Blank forms, Project reports, Partners reports, Financial Control, and Exchanges with MA-JTS-Nat. Corresp. A specific folder, 'Partner\_organisation\_1', is highlighted with a red oval.

The main content area displays the details of the 'Partner\_organisation\_1' folder. It shows the folder was last modified by 'PA2 User' on Dec 16, 2009 at 05:20 PM. Inside this folder, there is a document titled 'Execution report partner 1' also modified by 'PA2 User' on the same date and time. At the bottom right of the folder details, there is a 'Print this' button.

To the right of the folder details, a context menu is open with several options: 'Actions ▾', 'Display ▾', 'Add new... ▾', and 'State: private'. Below this menu, the option 'Add financial controller' is visible, with a red box and the number '6' drawn around it to indicate the step being described in the text above.

## E.02 - HOW THE PARTNER MAKES AVAILABLE THE EXECUTION REPORT TO THE FIRST LEVEL CONTROLLER?

Search the name of Financial Controller 7

Place a tick in the respective user 8

Save the permission assignment by clicking on the “Apply Changes” 9 and then “Save Changes” 10

The screenshot shows the 'Users Overview' page. On the left is a navigation sidebar with various project-related links. In the center, there's a search bar labeled 'User Search' with the placeholder 'Controller' and a 'Search' button. Below it is a table with two columns: 'User name' and 'Controller(s)'. A row shows 'Controller1 (Controller)' with a checked checkbox in the 'Controller(s)' column. To the right of the table are three buttons: 'Apply Changes' (with a red box around it), 'Username' (disabled), and 'Contributor' (disabled). At the bottom are 'Save Changes' (with a red box around it) and 'Cancel'. Red numbers 7, 8, 9, and 10 are placed over the search bar, the checked checkbox, the 'Apply Changes' button, and the 'Save Changes' button respectively.

Now, when the controller is **logged in the “Project section”**, he/she can view the specific folder and file(s).

The screenshot shows the 'Project section' with a navigation sidebar. In the center, a folder named 'Partner\_organisation\_1' is expanded, revealing an 'Execution report partner 1' file. The top navigation bar shows the user is now 'Controller' (indicated by a circled red circle). The top right has a 'Log out' button.

## E.02 - HOW THE PARTNER MAKES AVAILABLE THE EXECUTION REPORT TO THE FIRST LEVEL CONTROLLER?

### **Note:**

- The financial controllers have permission to view and add files and folders (and eliminate those that were created by them) within the folder that the permission was given.
- Partners only can view the folders that were created by them and can edit and delete folders / files created within the folders.

### E.03 - HOW THE PARTNER MAKES AVAILABLE THE EXECUTION REPORT TO NATIONAL AUTHORITY FOR SUPERVISION PROCESS?

Except for partners from Ireland and Northern Ireland, the certification done by each First level controller must be validate / supervise by the National Authority responsible for the implementation of the First Level control process.

The Programme's Platform for Collaborative Communication allows each partner, among other actions, to make their own Execution report and Request for Reimbursement available to a person in charge at national level of the supervision of the First Level Control process.

This facility undoubtedly helps to handle smoothly the process of certification of expenditures. This is possible through the creation and assignment of permissions by the Partner to his controller.

Technically it is the same process as the one **described previously in section E.02** to make the report available for the First level Controller.

The Lead Partner when choosing the user Name must enter the name of the supervisors.

The partner at Step **7** must choose the name corresponding to the national supervisor covering his country / region.

## E.04 - HOW THE PARTNER MAKES AVAILABLE THE EXECUTION REPORT TO THE LEAD PARTNER FOR CONSOLIDATION?

Once each partner has completed the “sub report” he must make it available to the Lead Partner in order for him to perform a consolidation of the entire project.

Within the directory “Partners reports”, the Lead Partner (or each partner) must create a folder corresponding to each partner.

The partner forms, after have been filled in, are saved in the sub folder “Partners Reports” (in the example P1) clicking on “Add new”

The screenshot shows a left sidebar with a tree view of a project area. Under 'TESTbis', there are several folders: Contacts, Working schedule, Ongoing activity, Agenda, News, Links, FAQ, Asking for information, Internal documents, Public documents, Approved application, Project revisions, Execution reports and payment claims, Blank forms, Project reports, and Partners reports. The 'Partners reports' folder is highlighted with a red circle. On the right, a main content area displays a 'Partners reports' page. The top navigation bar includes 'Contents', 'View', 'Edit', 'Upload', 'Actions', 'Display', and a button for 'Add new...' which is also circled in red. Below the navigation is a message from 'Administrator' last modified on Jul 27, 2009 at 07:04 PM. A list of reports follows: 'Report Pa2' (by PA1 User), 'Report P2' (by PA1 User), and 'Report P1' (by PA1 User). At the bottom right of the content area are 'Send this' and 'Print this' links.

Once opened the sub folder “Report Partner” where you want to save the specific report, each partner must click on “Add element”

This screenshot shows the same web interface as the previous one, but focusing on the 'Report P1' folder under 'Partners reports'. The 'Add new...' button in the top right is again circled in red. A context menu is open over the 'Add new...' button, with 'File' and 'Folder' options visible. The main content area shows the same list of reports: 'Report Pa2', 'Report P2', and 'Report P1'. The 'Report P1' entry is highlighted with a red circle. The bottom right of the content area has 'Send this' and 'Print this' links.

#### E.04 - HOW THE PARTNER MAKES AVAILABLE THE EXECUTION REPORT TO THE LEAD PARTNER FOR CONSOLIDATION?

A dialog box appears and it must be filled in:

The **title** of the file:

"Execution report <nr. of the report> completed"

**Description:**

The partner informs that the report is available and mentions other useful information for the Lead Partner.

**File:**

Upload the access file of the completed implementation "sub report"

**USE A ZIP FILE FOR FASTER UPLOAD**

**TICK THE BOX "COMPACT" this allows an easier uploading on the PCC**

The screenshot shows a 'Add File' dialog box. At the top, there are buttons for 'Exit', 'Compact' (with a checked checkbox), and 'JTS'. Below this is a section titled 'Add File' with the sub-instruction 'An external file uploaded to the site.' There are five tabs at the top of the form: 'Default' (which is selected and highlighted in blue), 'Categorization', 'Dates', 'Ownership', and 'Settings'. The 'Title' field is a text input box with a red circle around it. The 'Description' field is a rich text editor with a red circle around it. The 'File' field is a file upload input box with a red circle around it. At the bottom of the form are two buttons: 'Save' (with a red circle around it) and 'Cancel'.

## **F - LEAD PARTNER GLOBAL MANAGEMENT ISSUES**

## F.01 - THE LEAD PARTNER: CONSOLIDATION OF THE EXECUTION REPORT AT A PROJECT LEVEL

### How to import the «execution sub reports» written by the partners?

Once the partners have put their files on the site of the programme in the specific part for the project in the section «Execution Report and Payment Claim» / “Partners Report”, it must be downloaded by the lead partner and saved on its computer.

#### ADVICE N°1

In order to facilitate the importation process you must save the “sub reports” of the partners in the same directory as the file for the report at the project level.

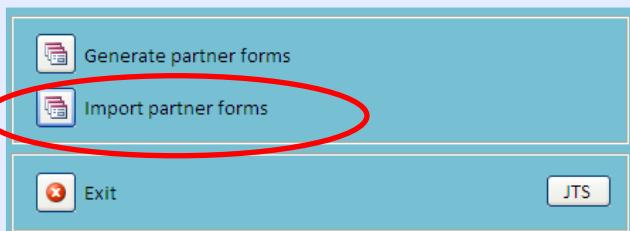

To import:

- Click on «Import partners’ forms»,
- Select the partner for whom you would like to access the execution report file,
- Click then on the symbol “file” and choose the partner’s file from which you want to get the report.

#### ADVICE N°2

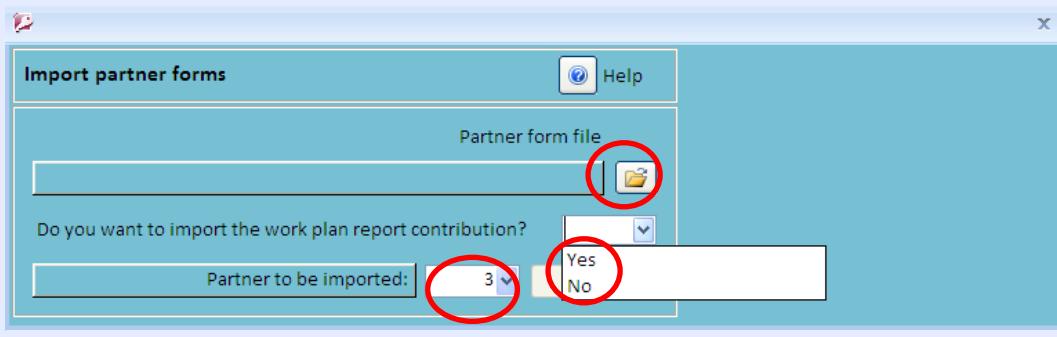

In case there is a problem, **you can generate and import as many times as you want**. You must make sure in this case that the different versions are well defined. The new data of the form erase the previous data.

The system allows you to **identify** if you already did the import of a specific partner’s sub report.

- 1º Choose the partner
- 2º Select the file containing the partner report file
- 3º Define if you want to import the work plan report contribution.

**Note:** The work plan reporting referred to section 9 may be completed by the lead partner through the project report or by the partner in charge of operational activities. In this case you must choose to import the work plan report contribution. However if you choose this option, any information already fulfilled in section 9 will be overwritten.

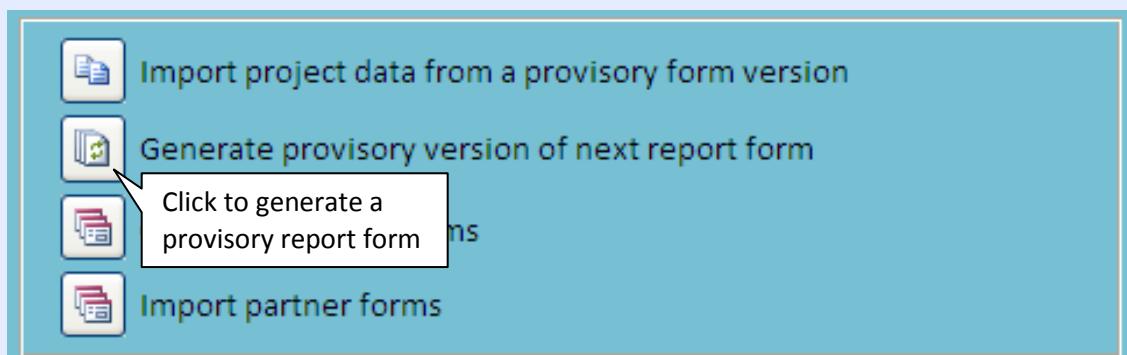

## F.02 - HOW THE LEAD PARTNER COULD GENERATE AND IMPORT PROVISORY REPORTS?

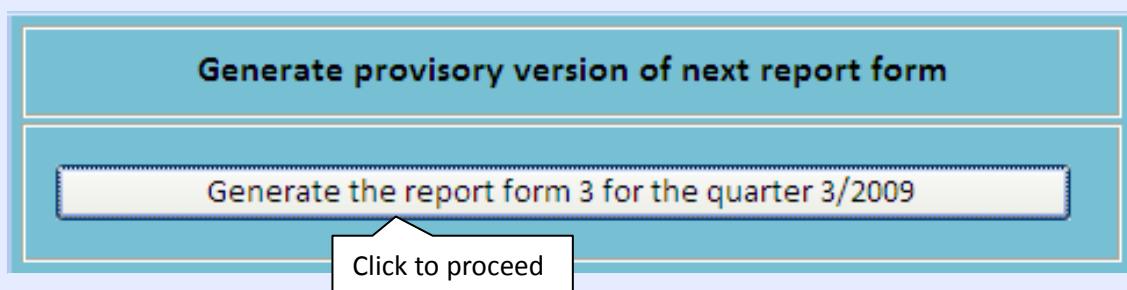

Each report form includes information of former reports submitted during previous periods. That's why it is not possible to generate a project report before concluding the reports submitted during previous periods.

However, if for any reason the project needs to start completing a project report before the JTS makes available the definitive file, the lead partner may generate a provisory report form and make it available for partners.

To do the lead partner should click on Generate provisory version of next report form:

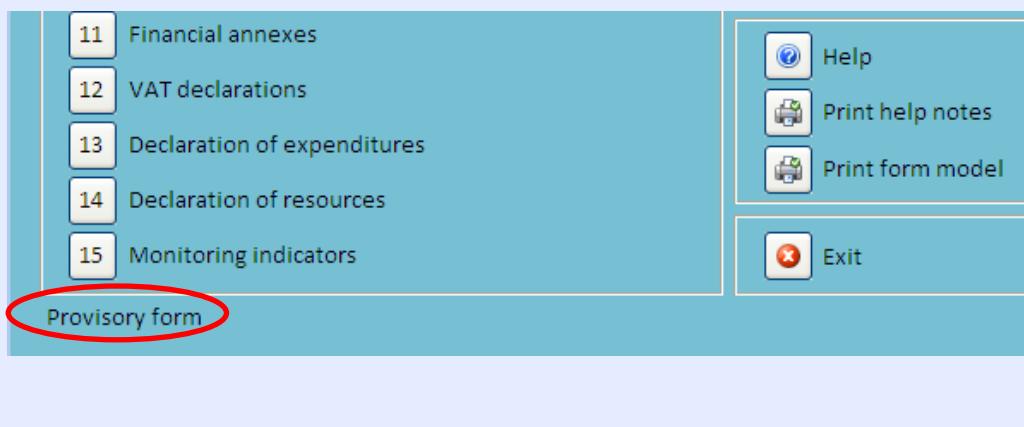

It will appear a screen containing information about the order number of the project report to be generated:

### Notes:

A provisory version will be identified as such.

You may proceed normally with edition, but you must transfer it to the definitive form before submitting it to the JTS.

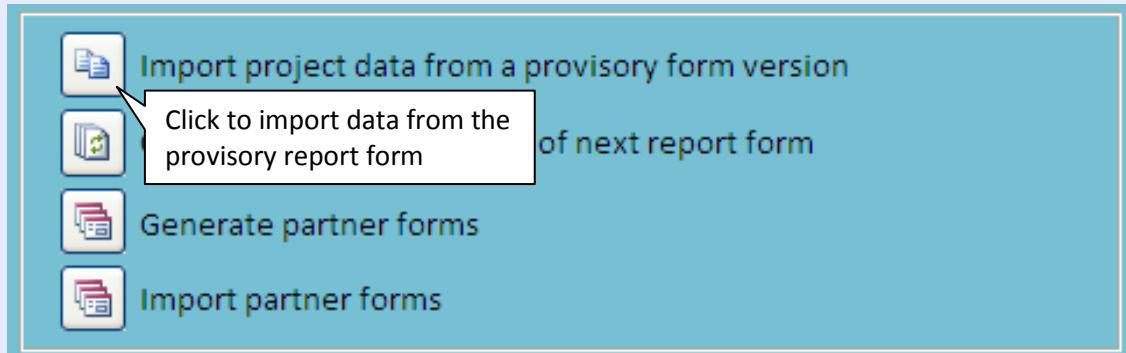

## F.02 - HOW THE LEAD PARTNER COULD GENERATE AND IMPORT PROVISORY REPORTS?

To import data from a provisory form to a definitive one you must perform two kind of actions: at project and at partner level.

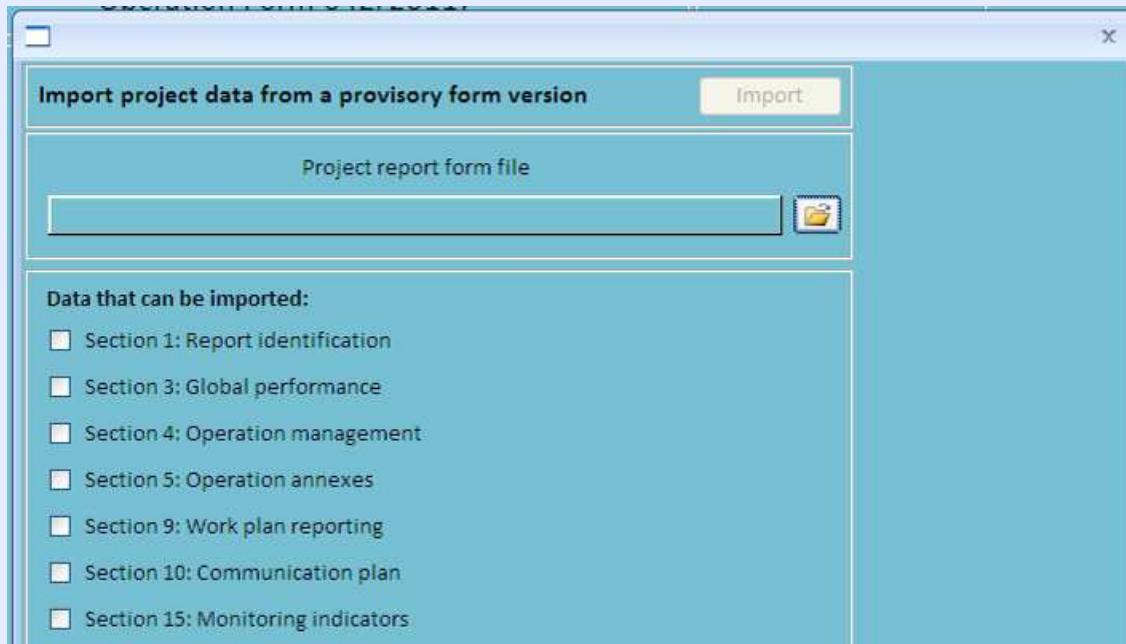

To import data at partner level please refer to section C.01.

To import data at project level, you must open the definitive form, and, before any edition, you must click on the Import project data from a provisory form version.

An window will be opened.

- 1º Click on the folder to choose the provisory file to be imported
- 2º Verify if the convenient sections are marked to be imported.
- 3º Click on Import to proceed

## F.03 – HOW THE LEAD PARTNER MAKE AVAILABLE THE EXECUTION REPORT TO THE JTS?

Once that the Lead Partner has consolidated all partners sub reports and filled in all sections related with the operations and attached all necessary documents, they must make the implementation project report available to the JTS.

On the left menu, click on “Execution reports and payment claims” and then click on “Project Report” on the green part click on “Add a report form”.

The screenshot shows a web-based application interface for managing project reports. On the left, there's a navigation sidebar with various project-related links like 'Asdas', 'ProjetDemonstration', 'Contacts', etc. The main area is titled 'Project reports' and shows a message: 'There are currently no items in this folder.' At the top right of this area, there are three buttons: 'Send this', 'Print this', and 'Notify Users'. Below these buttons, a red circle highlights the 'Add Project Report Form' button, which is located next to a 'State: Private' dropdown. The top of the page includes a header with 'PA1 User' and 'Log out' options, and a breadcrumb trail indicating the current location: 'Home > Project Area > ProjetDemonstration > Execution reports and payment claims > Project reports'.

Input the title of the report (its nº)

Enclosed the file of the report form of the project

Click on “Save”

### USE A ZIP FILE FOR FASTER UPLOAD

This screenshot shows the 'Add projectreportsform' page. On the left, there's a navigation sidebar with links like 'Asdas', 'ProjetDemonstration', 'Contacts', etc. The main form area has several fields: 'Title' (with a red circle around it), 'Project report file' (with a red circle around it), 'Beneficiaries payment' (a dropdown menu), 'Beneficiaries payment evidence file' (a file input field), and a note: 'When you save this form a mail will be sent.' At the bottom, there are two buttons: 'Save' (highlighted with a red circle) and 'Cancel'.

## F.03 - HOW THE LEAD PARTNER MAKE AVAILABLE THE EXECUTION REPORT TO THE JTS?

You obtain the following screen

The screenshot shows a software interface for managing project reports. On the left, there's a navigation sidebar with a 'TEST' folder expanded, containing items like 'Contacts', 'Working schedule', 'Ongoing activity', 'Agenda', 'News', 'Links', 'FAQ', 'Asking for information', 'Internal documents', and 'Public documents'. The main content area has a green header bar with 'View' and 'Edit' buttons, and a status bar indicating 'Actions' and 'State: Private'. Below this, the title 'Rapport n°1' is displayed, along with a note that it was last modified on Jul 24, 2009 at 03:28 PM by PA1 User. It lists several attachments or files: 'Project report file: A1\_Invoice-CC leger.pdf' (a PDF document, 1148Kb), 'MA payment order', 'CA payment', 'Beneficiaries payment', 'JTS validation file', and 'Beneficiaries payment evidence file'. At the bottom of the main content area, there are three buttons: 'Send this', 'Print this', and 'Notify Users'.

This screen contains the following items:

MA payment order:

This item is filled in by the JTS, which inputs the transmission date of the payment order of the Managing Authority and the Certification Authority.

CA payment:

This item is filled in by the JTS, which inputs the payment date made by the Certification Authority to the Lead Partner.

Beneficiaries' payment:

This item is filled in by the Lead Partner, which inputs the date on which has been done the payment to the partners. In the case of several payments, you must choose the last date.

JTS validation file:

This item is filled in by the JTS, which inputs a PDF file including eventual requests for corrections or the declaration of conformity accompanying the payment order.

Beneficiaries payment evidence file:

This item is filled in by the Lead Partner, which inputs the documents and evidences for the payment done to the partners. Use one document in PDF format in which are gathering all the evidences.

#### F.04 - HOW THE LEAD PARTNER PROVIDES THE JTS WITH PROOF OF THE PAYMENT TO THE PARTNERS?

The Lead Partner must provide the proof of payment to the partner within a period defined within the subsidy contract.

This obligation regards the eventual advancement payment as well as any payments claim related to an execution report.

The probative documents must be imputed in the available section in the PCC.

- Click on the execution report or the advance payment for which payments have been done click on "Edit" to access the fields to fill in.

In "Beneficiaries payment": input the date corresponding to last beneficiary you paid

In "Beneficiaries evidences": input a pdf gathering all the evidences of payment for the partners.

The screenshot shows a software interface for managing project reports. On the left is a navigation sidebar with various project-related links. The main area is titled 'Edit projectreportsform' and contains fields for 'Project report file' (with a PDF document selected), 'Beneficiaries payment' (with a browse button 'Procurar...' highlighted by a red arrow), and 'Beneficiaries payment evidence file' (with a browse button 'Procurar...' highlighted by a red arrow). A title field is set to 'Advancement'. At the bottom are 'Save' and 'Cancel' buttons.
